### Washington Roundup

The Finnish legation in Washington discloses today that the government of Finland will flatly reject the Russian peace terms. A note will be sent to Moscow within a day or two.

On Capitol Hill, meanwhile, it is disclosed that the joint congressional economy committee has received information that the armed forces and war shipping agencies have more than 150 billion dollars in unexpended appropriations. The situation is being studied by experts of the senate appropriations committee with a view to possibly trimming the huge war budget before final passage of appropriation bills.

One of these measures, the 32 billion dollar war appropriation bill, is slated for overwhelming passage in the house today.

Leading Republicans in both the house and senate agree that Gen. Douglas MacArthur would accept the Republican presidential nomination if drafted but expressed belief that Gov. Dewey will still be nominated at the G. O. P. convention in June. Publication of correspondence between MacArthur and Rep. Miller (R) Neb., in which the general counseled the congressman's attack on the administration, has caused a general interpretation among party leaders that he is now in the "receptive" class.

Sen. Capper (R) Kan., one of those concurring in this interpretation, also predicts President Roosevelt will decline a fourth term nomination "because of certain defeat staring him in the face."

### PA NEWC Observes

Thursday afternoon, a pair of fine sorrel horses drawing a loaded farm wagon along East Washington and down Allen street, attracted the attention of a number of folks on the street.

Pa Newc is informed that a new house has already been erected on the Amish farm where fire destroyed the farmhouse on the road on the new cutoff on the Sharon road in Wilmington township, a couple of weeks ago.

Local anglers who are all set for joining in opening of the trout season on Saturday are somewhat dubious of weather conditions for the day. Streams have been high, and more rain would just about spoil the fishing, they report.

New Castle was certainly taken by surprise by the blackout test of last night. Many homes apparently

### Pre-Invasion 'Double' Attack In Seventh Day

Fresh Daylight Attacks In Wake Of Night Stabs At Berlin

### TWO PRONGED AIR ASSAULTS CONTINUE

By CHARLES A. SMITH (U.S.S. Staff Correspondent)

LONDON, April 14.—The two-pronged pre-invasion aerial drubbing of continental Europe was believed rolling into its seventh successive day today with fresh attacks upon strategic targets in the wake of night RAF stabs at Berlin and western Germany.

The British air ministry announced that 400-mile-an-hour Mosquito bombers attacked the Nazi capital and unidentified targets in the western reaches of the Reich last night while similar squadrons sowed mines in enemy waters. No planes were lost.

### New Double Onslaught

Meanwhile, enemy radio chains indicated that the two-way onslaught against Hitler Europe was under way again in the early morning hours.

The German-operated Budapest radio lapsed into silence shortly before 10 a. m., and a few minutes later the Berlin outlet reported that allied planes were over northwest Germany.

Observers on the English coast reported that strong bomber formations passed overhead early this morning and a few minutes later Nazi radio stations warned that al-

### Allied Airmen Down 450 Nazi Planes In Week

LONDON, April 14.—(INS)—Official tabulations revealed today that Allied airmen have shot down at least 450 Nazi planes during the last week, in addition to destroying a large number on the ground.

Britain and Mediterranean-based warplanes, which now have the first round of invasion well under way, have made 15,000 sorties—4,000 of them by heavy bombers and 2,000 by medium units—at vital enemy nerve centers in Germany, Austria, Hungary, France, Belgium and Holland since last Saturday, observers revealed.

These planes dropped some 15,000 tons of bombs on aircraft factories, airfields, rail junctions and other important military targets to weaken seriously Hitler's supply lines to the west.

Competent authorities estimated that American planes accounted for three-fifths of the attacking force and tonnage dropped.

### Four New-Born Babies Die From Medicine Mistake

NEW LONDON, Conn., April 14.—(INS)—An inquest was to be held today in the deaths of four newborn babies who accidentally were given boric acid crystals instead of Dextrose in feeding formula through the error of a woman hospital pharmacist.

Fathers of the four infants are all servicemen, one of them at sea with the Navy.

According to Richard F. Hancock, hospital administrator, the unidentified pharmacist who made the error is still under treatment today for nervous collapse.

The pharmacist, he said, filled an empty Dextrose jar with boric acid and from Friday until Monday the daily formula was made from that jar.

Twenty-one infants received the formula and one of the survivors is critically ill.

### Indicate Nazis Take Huge Loss In Crimea

By J. C. OESTRICHER (U.S.S. Foreign Editor)

What the Germans failed to do at Dunkerque in the memorable spring of 1940 was carried out with enthusiasm and devastating precision today when the Soviet air force and the Russian Black sea fleet hurled bombs and shells into panic-stricken Nazi troops attempting to flee Sevastopol in the Crimea.

Fast-moving Soviet mechanized and infantry units advanced to positions only 35 miles from the historic naval base, now largely in ruins, and plans carefully laid by Adolf Hitler's high command to evacuate the bulk of his forces from Crimea in orderly fashion apparently were frustrated.

### Nazis Take To Sea

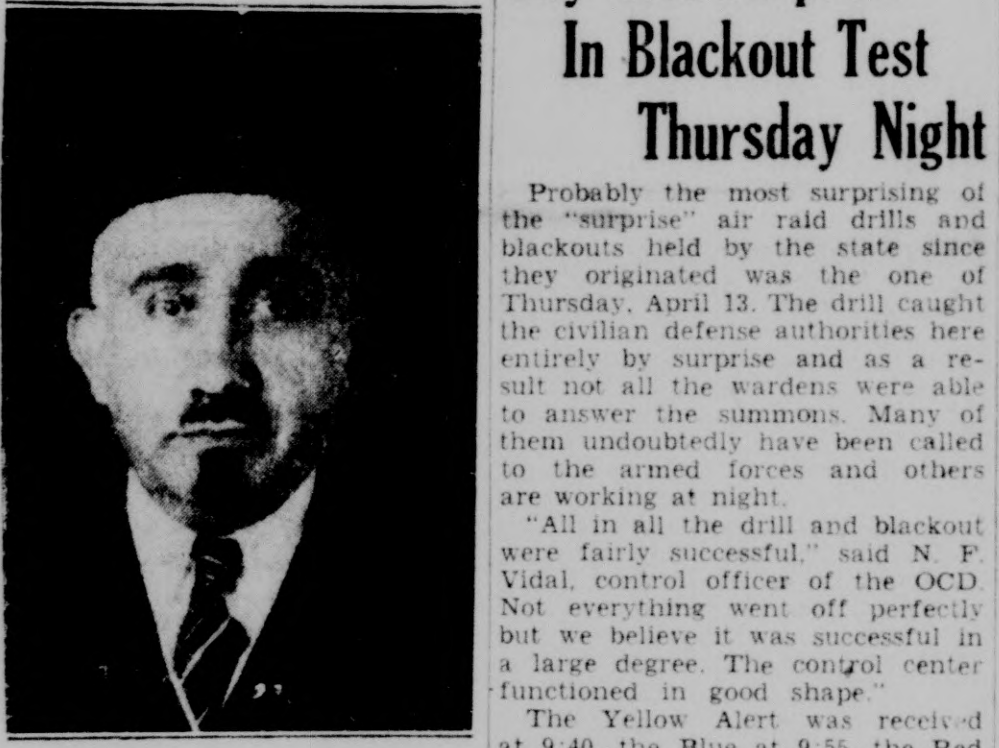

Large numbers of German troops were reported taking to the sea from ports and harbors north of Sevastopol, only to be bombed and strafed by Russian war planes and ships now patrolling the entire area.

The waters of Sevastopol's great harbor itself were described as "boiling" under the impact of bombs and shells.

### Rabbi Leaves For Warren, O.

Rabbi Elefant Of Tifereth Israel Congregation Takes New Congregation

Rabbi Gilbert A. Elefant, who has served at the Tifereth Israel congregation for the past five years, has resigned his pulpit to accept a call to the only Jewish congregation of Warren, O.

Rabbi Elefant assumed his new position before the Passover holiday at the Beth Israel congregation.

Active in civic affairs of the community and interested in its moral and religious welfare, Rabbi Elefant was member of the Ministerial Association, served as chairman of adult education committee of the B'nai B'rith in New Castle, active member of the Zionist Organization of America and its district cultural committee.

Under his direction, the Tifereth Israel congregation expended its activities and enlarged its sphere of influence.

### Blackout Test Occurs In State Thursday Night

Test Called By Army And Comes As Surprise To Most Citizens

(International News Service)  
Pennsylvania was plunged into darkness for 16 minutes last night as wailing air raid sirens ushered in the second state-wide blackout of the year. The last alert was held January 11.

The test was called by the army and carried out by the state defense organization. It was the first practice under the army's new plan of scheduling only four blackouts a year.

First warning of the test came at 9:51 p. m. The red signal was sounded at 10 p. m., lasting for 16 minutes and the all-clear was given at 10:27 p. m. The three-month layoff for civilian defense workers and the surprise element caught a number of warden's rapping and several areas were reported unpatrolled.

In general, however, the blackout was termed satisfactory. Judge Harry S. McDevitt, Philadelphia defense council chairman, declared that "after the long lapse since the last blackout, the public cooperated splendidly. That includes everyone—motorists, pedestrians and householders."

### Report Japs Lose 1,200 In Burma Sector In Week

NEW DELHI, April 14.—(INS)—A spokesman at Am. Lord Louis Mountbatten's headquarters estimated today that the Japanese have suffered at least 1,200 casualties in the past week's fighting in the Mayu range sector of Burma.

### Hollandia Is Badly Battered

Northern New Guinea Jap Base Is Picture Of Black Desolation

### TWO HUNDRED BOMBERS ATTACK

By GEORGE LAIT (U.S.S. Staff Correspondent)

GEN. MACARTHUR'S HQ, NEW GUINEA, April 14.—Hollandia, the battered enemy air base in northern New Guinea, today presented a picture of black desolation following a smashing new assault by more than 200 American bombers and fighters which rocked the entire area with 322 tons of explosives.

Shore installations and supply dumps were wrecked, a freighter was sunk and nine others left blazing, and 18 Japanese planes were destroyed or damaged during the assault, one of the heaviest yet mounted by fliers of this theater.

Gen. Douglas MacArthur revealed that the planes' gunners fired more than 89,000 rounds of ammunition into important enemy installations in strafing attacks which followed the bombing runs.

### City Gets Surprise In Blackout Test Thursday Night

Probably the most surprising of the "surprise" air raid drills and blackouts held by the state since they originated was the one of Thursday, April 13. The drill caught the civilian defense authorities here entirely by surprise and as a result not all the wardens were able to answer the summons. Many of them undoubtedly have been called to the armed forces and others are working at night.

"All in all the drill and blackout were fairly successful," said N. F. Vidal, control officer of the OCD. Not everything went off perfectly but we believe it was successful in a large degree. The control center functioned in good shape."

The Yellow Alert was received at 9:40, the Blue at 9:55, the Red at 10:11, the Blue again at 10:22 and the All Clear at 10:31.

### Report Yanks Drive Japs Back In Upper Burma

New Delhi Report Acclaims Progress By U. S. Troops Against Enemy

LONDON, April 14.—(INS)—American infantry forces operating in the jungles east of the strategic Mogaung valley in upper Burma were reported today to be in possession of the entire Nipum-Hsam-hung area, from which they have driven crack Japanese units.

A Reuters' New agency dispatch from New Delhi quoted an official announcement as revealing that the doughboys now control the region which was described as being under a "secure" grip.

The agency also reported that Lord Louis Mountbatten, allied commander in the area, paid a surprise visit to his forces on the Imperial front last Saturday when he discussed the entire situation with commanders on the scene.

When correspondents there complained to him about delays in transmission of their dispatches, Mountbatten promised to investigate the matter. He also paid tribute to the work of the 17th Indian division in fighting its way through strong Japanese opposition to Imphal, where it reinforced that embattled garrison. Their feat, he asserted comprised "one of the best battles of the war."

(The Tokyo radio was heard in New York by NBC alleging that four Japanese columns are closing in on Imphal from the north, south, east and west.)

Converging on Sevastopol from three directions, as shown in map's upper inset, Red forces are predicting the early fall of this great naval base and the complete collapse of the Crimea. The lower inset shows how the Russians are striking north of Odessa, bottleneck which Nazi troops fleeing Odessa are seeking to use as an escape route. Reports indicate that the Germans are putting up only routine resistance to the three Red columns thrusting toward Sevastopol.

### Shoot Down 35 Nazi Planes In Hungary Raid

NAPLES, April 14.—(INS)—Thirty-five Nazi interceptors were credited today to bomber gunners and fighter pilots who battled off a force of 100 enemy planes which sought to break up yesterday's daring American attacks against airfields and factories in the Budapest area of Hungary.

The daylight attack, which centered about the Győr-Duna-Tokol area outside the Hungarian capital, today was described as completely "successful," with many hits scored on the main targets and huge fires left blazing in the wake of the big bombers.

Fortresses which struck at the Yugoslav communications center of Brod encountered no opposition and achieved exceptionally satisfactory results, while medium Mitchell bombers which hit Terni above Rome blocked the main highway extending to the north.

In all, 56 enemy planes were shot down during the day against a loss of 16 allied heavy bombers and three other craft. The Mediterranean air force flew 1,800 sorties during the day, while only four enemy planes were sighted in the battle areas during the daylight hours.

### Make Speedy Plans For Resumption Of Plant At Ellwood

Temporary Quarters Are Being Provided For United Tube Corporation Operations

ELLWOOD CITY, April 14.—Prompt action by the Ellwood City Chamber of Commerce will probably have the United Tube Corporation, whose plant was destroyed by fire Thursday morning April 13, back in production in less time than was anticipated.

Secretary R. J. Schill of the Chamber of Commerce said today that a meeting of the company officials and those of the Chamber of Commerce was held Thursday afternoon. At that time the Chamber of Commerce offered a building and three acres of ground to the United Tube Corporation, the building large enough to accommodate present needs and the land large enough to provide for expansion.

A small building upon the property of the Ellwood Forge Company is being utilized by the tube company for a part of its operations today.

All employees of the company are being used in reconditioning machinery and salvage operations.

### Russian Airmen Blast Chances Of Nazi Evacuation

German Ships In Sevastopol Harbor Heavily Attacked By Red Bombers

### REPORT NAZIS ARE IN NEAR PANIC

BULLETIN (International News Service)

MOSCOW, April 14.—The Soviet high command today broadcast an order to the Black Sea fleet to annihilate German troops fleeing from the Crimea.

The order said: "In the Crimea the arrogant invaders are in full flight... Sailors and airmen of the Black Sea: Don't let them get away. Destroy their ships. Shoot down their planes."

By NATALIA RENE (U.S.S. Staff Correspondent)

MOSCOW, April 14.—The shattered harbor of Sevastopol boiled today when the Soviet air force swung into full-scale action to disrupt an attempted "Dunkerque" evacuation of the Crimean port by panic-stricken German troops.

Nazi transports clustered in the harbor were pounded relentlessly by Russian bombers and warships of the Black Sea fleet, with direct hits scored on a number of the vessels and the Germans' chances of a successful large-scale withdrawal diminishing by the hour.

Battlefront dispatches meanwhile said that Soviet tanks are thundering "rapidly" toward Sevastopol.

### Speedy Advance

(Editor's Note: A Reuters dispatch from Moscow said the Russian advance was so speedy that large numbers of Germans were attempting to get out of the peninsula from seaports north of Sevastopol, even plunging "headlong into the sea.")

### Enemy In Light Aerial Raid On Anzio Beachhead

By JAMES L. KILGALLIN (U.S.S. Staff Correspondent)

NAPLES, April 14.—British and American anti-aircraft gunners in the Anzio beachhead today shot down five out of some 50 enemy planes attempting to attack the region, thus setting the best mark for anti-aircraft batteries since the landings there many weeks ago.

An estimated 30 Nazi fighter-bombers, escorted by not more than 20 fighters, staged a light raid on the port area, where they dropped a few bombs but managed to cause only a limited amount of damage. Out of this force, ground gunners accounted for a minimum of five craft—10 per cent or more of the planes involved.

Regular artillery batteries also chalked up achievements of their own during the day, shooting down the last remaining German observation tower at Littoria and scoring hits on three tanks just outside Cisterna.

Yes, the season is near and it soon will start, in spite of the present war, but some of the teams will look strange indeed, the weather is fifty-four.

### Blimps Rescue Wounded Flier Down On Ocean

WASHINGTON, April 14.—(INS)—The navy today described a dramatic and unique rescue at sea in which one of its blimps picked up a wounded American pilot and rushed him to a hospital on shore.

The first "sea to airship" rescue was made by the blimp K-59, commanded by Ensign Lowell E. Buys of Los Angeles, Calif.

The man saved was Marine Lieut. Harvey Metcalf, Minneapolis, Minn. The rescue occurred off the southern California coast on March 3.

The blimp was guided to the scene by planes after Metcalf's torpedo bomber crashed into the sea. Buys saw two men on a life raft and observed that one of them appeared to be badly hurt.

The blimp maneuvered over the raft to an altitude of 25 feet above the water. A parachute harness was lowered to the uninjured survivor, Technical Sgt. James Laing of Westley, R. I., who strapped the injured pilot in the harness.

One hour and 20 minutes after the raft was sighted, the rescued man was ashore enroute to a hospital. A PBY boat picked up Laing.

### Rev. A. W. Wishart Resigns His Post At W. & J. College

WASHINGTON, Pa., April 14.—(INS)—The resignation of Rev. A. Wilbur Wishart as college pastor and professor of Bible was announced today by Washington and Jefferson college. The resignation becomes effective July 1.

Rev. Wishart has been professor of Bible since 1934 and college pastor since 1936. He expects to return to regular pastoral work in the Presbyterian church. He is a graduate of Pittsburgh-Xenia Theological Seminary and Muskingum college.

### PRE-INVASION DOUBLE ATTACK IN SEVENTH DAY

(Continued From Page One)

lied formations were in German skies. At the same time enemy propagandists asserted that the Rome area was assaulted by Anglo-American fliers late last night.

The Cologne radio reported at 9:53 a. m. (3:55 a. m. EDT) that "enemy aircraft are over northwest and northern Germany." The broadcast was made just 40 minutes after the Paris transmitter went off the air. And unofficial sources in London reported that the RAF carried intruder operations last night, which included Mosquito attacks on Germany itself.

**Continue Attacks**

While the motors of giant American bombers which blasted the continent with unparalleled force from two directions by daylight yesterday were still warm, powerful RAF formations again apparently took to the airways over the English coast last night.

The German home radio chain which late last night had warned its listeners of the approach of allied planes over the Reich, also reported this morning that "heavy air attacks were carried out in the Rome area" under cover of darkness, indicating that the allied sky pincers again was squeezing Hitler Europe.

In describing the allied formations appearing over Germany itself, the Nazi outlets asserted merely that they were comprised of "auxiliary raiders" and said they were hitting at the central area of the Reich.

Yesterday's record assault, which saw some 3,500 allied planes, 3,000 of them American-batter targets all over fortress Europe, brought a puny attempt at retaliation last night when a small force of Nazi craft staged a hit-run attack on the London area.

The brief alert, London's 735th of the war and its second in 24 hours, saw massed anti-aircraft batteries thunder into action and searchlight cones lit the skies on a scale which amazed veteran observers.

Only a few bombs were dropped, causing minor damage but, at last reports there were no casualties.

In contrast, yesterday's pounding of enemy Europe from bases in Britain and the Mediterranean was described as the heaviest yet executed, hammering again at Nazi fighter plants, airfields and communication lines. At least 134 enemy planes were shot down in the two-way onslaught, against the loss of 58 American craft. Of this total, Britain-based planes accounted for 76 Luftwaffe ships, losing 36 bombers and eight fighters in the fray.

Interment was in Greenwood cemetery.

**Soldiers composing the firing squad were:** Thomas Hughes, R. D. Hansen, M. Schivone, S. Wheat, W. H. Cookson, M. A. Keeney, E. E. Egan, J. Consolino, and Sgt. M. N. McLean, in charge of the squad; E. W. Bartiss, was the bugler.

Members of the American Legion were color guards, Norris Kennedy and John Gribben, of this city; and Thomas Freed was the officer of the day, and T. P. Sargeant, of New Castle was commander.

**HOLLANDIA IS BADLY BATTERED**

(Continued From Page One)

The freighter sunk was 2,000-ton craft caught in nearby Humboldt bay. Left in flames were two smaller freighters, seven coastal vessels and "several" barges.

A force of 20 enemy craft apparently sent from other bases to reinforce the devastated bastion, attempted to intercept the raiders. Only two of the Japanese craft survived unscathed. Of the remainder, eight were definitely destroyed and 10 damaged, against the loss of one American craft shot down and a few others hit with enemy fire.

The belief that the enemy force was sent to Hollandia from other dromes grew out of the fact that the battered New Guinea base lost virtually all its planes—288 of them also left its main fields unusable and its key harbor facilities in wreckage. Tuesday's assault boosted the total weight of bombs dropped on Hollandia past the 1,000-ton mark.

Clearing skies following spotty weather throughout the entire New Guinea theater made possible the latest in the obliteration attacks against Hollandia. Other squadrons took advantage of the break in the weather to strike at Wewak, New Guinea, Rabaul, New Britain and Kavieng, New Ireland.

Burma, were revealed to have attacked "enemy targets" in the Arakan area. They also ranged into southern Burma, and blasted Japanese installations in the Chin hills, near the Burmese-Indian frontier, and around Kaladan in Burma.

In addition to repulsing the Japanese attack north of Buthidaung, British Imperial forces hurled back other enemy contingents thrusting at their lines on the east bank of the Kalapanzin river.

Research indicates that the jet-propulsion plane is only half as efficient as the conventional aircraft at 150 miles per hour, but twice as efficient at 550.

### INDICATE NAZIS TAKE HUGE LOSS IN CRIMEA

(Continued From Page One)

shells sent hurtling into Nazi transports and warships clustered there. Other red army planes attacked shipping in the Rumanian harbor of Constanta and elsewhere on the western reaches of the Black sea to frustrate what Berlin in a few hours or day at the most will announce as an "orderly, strategic disengagement of forces according to plan".

So far as could be determined, no favorable combination of weather, luck and personal intrepidity was on the side of the Germans at Sevastopol and there was every indication the Russians were taking a terrible toll of the enemy in their flight.

**"Every Man For Himself"**

Dispatches from Moscow said that German field commanders had sent special rifle squads into action to shoot down Nazi soldiers attempting to break formation and flee by any and every means instead of carrying out the same type of more or less orderly withdrawal which characterized earlier German retreats in Russia.

These messages gave the impression that the worst of all dry rot had set in among the Nazis—the "survive at all costs" psychology. It is freely translated in everyday American as "every man for himself".

With Simferopol, Feodosiya and Yevpatoriya already in Russian hands, it was estimated that four-fifths of the Crimea already have been liberated and there no longer was any question of the enormous costs told of big bombers over both northern and southern Germany in the wake of Royal Air Force night attacks which battered Berlin and other prime targets in the Reich.

German transmitters also reported the Rome area under assault by bombers of the allied Mediterranean air command. It appeared likely that Baedeker, the capital of Hungary, was taking another pasting from the skies. A check-up showed that yesterday's large-scale assault upon the Balkan city cost the enemy at least 35 interceptor planes shot down.

**Casualties Mount**

Twenty thousand Germans already have been taken prisoner and the toll of dead and wounded was rising by the hour.

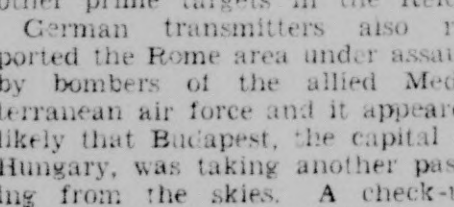

Southwest of Odessa, another Nazi withdrawal was in progress. Russian forces which captured the ferry-rail terminus of Ovidopol pressed badly-battered enemy troops against the Black sea coast and along a small strand of the eastern shore of the Dniestr river estuary.

Mauled and tattered on the eastern front, the Germans at home also felt the weight of allied attacks with American and British planes again out in great numbers against the Continent. Nazi broadcasts told of big bombers over both northern and southern Germany in the wake of Royal Air Force night attacks which battered Berlin and other prime targets in the Reich.

It appeared likely that Baedeker, the capital of Hungary, was taking another pasting from the skies. A check-up showed that yesterday's large-scale assault upon the Balkan city cost the enemy at least 35 interceptor planes shot down.

Saturday is the anniversary of the biggest snow of the season last year, when over four inches of the beautiful, wet stuff covered the landscape in Lawrence County. So, while you are yearning for the sunshine and poises of spring, don't forget the weather man is fickle and may give us something like that yet, this spring.

The Shenango river reached a high stage of 12.6 feet yesterday, but this morning had started to subside, and was down to 12.3 feet at 9 o'clock this morning. Unless a lot more rain falls in the next few days, it should drop rapidly.

### RUSSIAN AIRMEN BLAST CHANCES OF NAZI EVACUATION

(Continued From Page One)

"Smashed large concentrations of German ships held in Danubian ports in preparation for the Sevastopol evacuation."

The German high command, in a desperate attempt to halt the Nazi retreat in the Crimea, employed special rifle squads today to shoot down their panicky troops which fled before victorious Russian forces now less than 35 miles from Sevastopol.

**Simferopol Captured**

Closest approach to the Sevastopol naval base, richest prize on the Black sea peninsula, was made by Red army units which captured the key rail stronghold of Simferopol to the northeast. Other Russian mobile columns seized the ports of Feodosiya and Yevpatoriya, on the south and west coasts respectively.

(The Soviet legions were reported by the British radio already to have cleared the enemy from "about three-quarters" of the Crimean peninsula since starting their offensive less than a week ago.)

Ordered by Hitler to hold the strategic and mineral-rich Crimea "at all costs," the German commanders sought frantically to make a stand at Simferopol, which the Russians took with a "swift assault by tank and infantry formations."

The Nazis brought up fresh reserves and hurled them into battle for the Crimean capital, described as proving "cover for roads to the southern ports."

"Special detachments of German field police were holding back Nazi soldiers who were retreating in panic and shot them on the spot," said the Soviet communique. "However, even these draconian measures were of no avail."

The communique also disclosed that more than 20,000 Axis prisoners have fallen, along with vast quantities of war material, into the hands of two Russian armies which overran more than 600 towns and villages in the Crimea.

to urge votes and work for the other. Both expressed their appreciation of the dinner and the presence of so many party workers.

Attorney Primo Columbus was the principal speaker but spoke more upon the qualifications of President Roosevelt than upon the qualities of the two honor guests.

Mr. Columbus related conditions in 1932, praised the president for his handling depression problems, scored all Republicans and particularly those in Congress who voted against lend-lease and the fortification of Guam and closed by insisting that Mr. Roosevelt was the only man in the entire country qualified to serve as the next president.

Two speakers from Beaver County, Burgess P. J. Caul of Ambridge, and William Smith, a CIO leader of Aliquippa made down to earth speeches that were well received.

Burgess Caul is an institution as the executive head of Ambridge and recommended Mr. Katcher and Mr. Travers to the voters. Of Mr. Katcher he said he was a man who would do his own thinking if elected to Congress. Of Mr. Travers he said he had known him a shorter time but had found him to be a man of sound judgment.

Other speakers included George Werner of Beaver County, a candidate for state committee, County Commissioner Thomas Gilkey of Beaver County, Harry G. Della of New Castle a candidate for delegate to the national convention, State Senator J. K. McQuiddy and following them a number of the guests expressed their intention of supporting the two honor guests. The dinner concluded about 10:30.

## PAGLIA-ANTON CHURCH WEDDING

Miss Catherine Paglia, daughter of Mr. and Mrs. Frank Paglia, 503 Canyon street, and Edwin Anton, 503 Canyon street, second class, in U. S. Coast Guard, of San Francisco, Calif., son of Mrs. Sophie Anton, Charter street, were united in marriage in a quiet but impressive ceremony, performed Thursday morning at 9 o'clock in the SS. Philip and James church, Rev. Fr. V. V. Stanek officiated before beautifully embossed altar, ferns and flowers being used in the arrangement. Friends and relatives of the couple heard the exchange of vows.

Given in marriage by her father, the bride was charming in a white slipper gown, made princess style. Her long veil was caught in a crown of seed pearls and she carried a bouquet of pink roses.

Miss Mary Caffro as maid of honor wore a gown of blue marquisette, with pink accessories, and fingertip veil. She carried pink roses. Miss Gertrude Boron of Cleveland bridesmaid, wore a pink gown similar to the maid of honor, matching accessories and pink roses.

Corp. Stanley Kolodziej of U. S. Army, in Nebraska, served as best man. John Myers, seaman second class, U. S. Coast Guard, of Meadville, served as usher.

Following a congratulatory period at the church, a wedding breakfast was served at the Anton residence where later a dinner was served to members of the immediate family.

The couple departed on a wedding trip, destination unknown. Mrs. Anton, an employee of the Chesapeake Pottery company, will reside at her home for the present. Significantly Anton will return to his duties next Friday.

## Washington Calling

By MARQUIS CHILDS

### Some Hull Silence

WASHINGTON, April 14.—While Secretary Hull said more on Sunday and said it more positively than he has ever done before, he did not, with the exception of France, discuss the delicate questions that have stirred greatest controversy. He did not because, it is now increasingly clear, he could not.

There is an unhappy parallel between 1940 and 1944. The shadow of the decision in 1940 clouded the decisions that had to be taken in connection with the threat to America's security—the threat of a coalition of enemies aimed at our democracy.

Now in 1944, the shadow of another election bedclothes the decisions that must be reached on the peace. Then, too, there is the natural impatience of most Americans to get an idea of the shape of things to come; to get light and leading.

### Must Get Agreement

But, as Hull stressed repeatedly in his broadcast, it is essential first to get at least some agreement among the partners who are fighting this war. And that is not easy for the partners have many conflicting interests.

To throw the more delicate questions into the rough and tumble of public debate would risk exacerbating those conflicts. That, at any rate, is the view of President Roosevelt, and I think it has merit.

Here is a good example I happen to have come upon. In Washington, responsible officials are working out a plan of trusteeship which is proposed to apply to certain colonial possessions in the Far East.

Under this plan, trustees representing the several nations in the Orient would supervise the effort of native peoples to reach self-government. The trusteeship would be for a definite period of years at the end of which self-government would presumably be an accomplished fact and a native government would take over.

The plan was worked out with the realization that native peoples in the east are no longer willing to live in colonial status. They are resentful of white rule. They have numbers on their side and they know it.

It was worked out, too, with the history of Philippine independence in mind. A year and a half ago Roosevelt suggested that the Philippines offered "a pattern of global civilization which recognizes no limitations of religion or of creed or of race."

### Two Important Factors

"But we must remember," he said, "that such a pattern is based on two important factors. The first is that there be a period of preparation through the dissemination of education and the recognition and fulfillment of physical and social and economic needs. The second is that there be a period of training for ultimate independent sovereignty through the practice of more and more self-government, beginning with local government and passed on through the various steps to complete statehood."

That is the concept of trusteeship. Not all of the big four, however, can agree on it. In some minds the illusion persists that the pre-1941 order can be restored in the Orient.

The Philippine Commonwealth is a striking exception. Another is the proposal put forward by Queen Wilhelmina of Holland to make the Dutch East Indies an autonomous self-governing partner in a Dutch commonwealth that would include all the areas hitherto ruled as colonies.

If Roosevelt or Hull were to sponsor publicly the trusteeship plan, it would suggest its application to certain colonial areas, there would be immediate angry repercussions. The British press would take it up and so would ours. Those Americans who regard the British Empire as the source of all evil would have a field day.

It would be far more difficult—perhaps impossible—to come to any understanding. Therefore the discussions are in private.

But it's just here that Roosevelt, as a fourth term candidate, is handicapped. Silence is enforced upon him. Yet there is certain to be a clamor for action on his foreign policy and the lack of a policy in the campaign.

Maybe he isn't a candidate. That is a question I'd like to inquire into in succeeding columns. It is a question that hangs heavy over this capital in the post-Easter lull.

#### TUBERCULOSIS

Tuberculosis is a communicable or catching disease. It affects both young and old.

It is usually a disease of the lungs but causes trouble in many other parts of the body.

A child may get the germ in his body and not show any signs of the disease places in the lungs.

These may heal and never cause any trouble. On the other hand these places may flare up in later years and kill the patient. In the meantime he may have many years of seemingly perfect health.

Whenever a case of tuberculosis appears, it means that the disease has been acquired from someone who had it.

If a person has been exposed to the disease or associated with a tuberculosis patient he should have a check up.

If the disease is found early, the chances of recovery are good.

Sun sets tonight 7:40. Sun rises tomorrow 6:20.

We have an idea that President Roosevelt is not very well. He certainly has enough things on his mind to make him feel sick.

A candidate was answering a question at some length during a speech when a heckler arose and demanded a plain "yes" or "no" answer. "I can't answer yes or no to this question," protested the candidate. "There are some questions to which it is impossible to answer yes or no, this is one." "That isn't

## The World and the Mud Puddles

SAME THING.

It doubtless would be impossible to find, in a personal canvass of every man or woman in New Castle, one person who openly admits that he or she is in favor of establishing Nazism as the type of government for the United States. The word is poison, and it is one question upon which it is fairly easy to obtain unanimous agreement that we want none of it here.

Since we are agreed on that, it might be well to analyze Nazism and see precisely what it is that we want to prevent in this country.

In an address to the North Carolina Bar Association last October 22nd, Malcolm McDermott, professor of law at Duke University, listed twelve steps which, he said, lead to Nazism.

Professor McDermott is no reactionary, neither is he a Republican. He has been visiting lecturer at universities of Krakow and Warsaw. He is a graduate of Princeton and Harvard law schools. He was a Democratic presidential elector in 1928. He holds many high scholarly honors and he has made a close study of National Socialism or Nazism in Germany.

In his Bar Association speech, he listed these twelve points as those which lead to Nazism.

1—The people must be made to feel utter helplessness and inability to solve their problems. While in this state of mind there is held up before them a benign and all-wise leader to whom they must look for cure of all their ills.

2—The principle of local self-government must be wiped out, so this leader can have all political power readily at hand.

3—The centralized government, while appearing in form to represent the people must actually resist the will of the leader or group in control.

4—Constitutional guarantees must be swept aside as outmoded.

5—Public faith in the courts must be undermined.

6—The law-making body must be intimidated and reduced to prevent development of public confidence therein.

7—The people must be kept ground down by high taxes. This economic independence is kept at a minimum, so the citizen depends more and more upon government.

8—A great public debt must be built up, so the citizen can never escape its burden.

9—A general distrust of private business and industry must be kept alive.

10—Government bureaus are set up to control practically every phase of the citizen's life, all under authority of the leader.

11—The education of youth is taken under control practically every phase of the citizen's life, all under authority of the leader.

12—To fortify all the foregoing there is kept flowing a stream of governmental propaganda designed to extol all that bow the knee and to vilify those who raise a voice of dissent.

These steps led to Nazism in Germany. They are now government policies.

In commenting on Professor McDermott's speech a mid-western editor asks what we are concerned about—with the label or the medicine in the bottle? And he wonders if the above medicine would be more palatable if labeled with some American term, for instance, "New Deal."

Each of the twelve steps is recognizable. And with such overwhelming evidence, it hardly follows that any nation which already has them in effect can escape Nazism, merely by expressing adherence of Hitler.

The denial must be most convincing that that the whole system that brought them into being must be removed from power.

### TO THE SHOWER BATH

Uncertain friend, give up I must.  
Since you I can no longer trust!  
Unto no steadfast plan you hold:  
You blow too hot or blow too cold!  
Hereforth when happily I scrub  
I'll use the good old-fashioned tub.

Proud, chief adornment of the home,  
Enriched in glass and framed in chrome,  
Though beautiful you are to see,  
You're just a source of grief to me!  
When I have stepped beneath your spout,  
With fiendish glee you drive me out.

Man's fairest friend you have been called,  
But when did friendship freeze and scald,  
Be fickle to the very last  
And make its devotees retire  
With furious bursts of frost and fire?

These feeble lines to him are penned  
Who first thought hot and cold would blend;  
Who vowed that dials he could fix  
So these two opposites would mix.  
That chap forever I'd consign  
To use that faithless shower of mine!

Fear Can Supply This Year Will Be Too Small  
Not Enough Cans In Sight For Expected Cops  
Income Tax Simplification Major House Problem

By HELEN ESSARY  
Central Press Columnist

WASHINGTON, April 14.—The men who make the cans for canned vegetables and fruit are concerned over whether there will be enough of these invaluable containers this year to take care of a 1944 pack which is expected to reach 302 million cans—considerably above last year's figure.

Hence the War Production Board has the job of determining whether or not some sheet metal might be allowed for the can industry.

Steel is not as scarce as it once was but there is a bottle-neck in rolling mill facilities for turning out the kind needed by the can makers.

Something will have to be done if it develops that the third quarter steel allotment for the can manufacturers will not take care of the heavy food canning needs in those months.

The nation cannot look to the glass industry for help. The glass business is working at capacity to turn out containers and is 25 per cent behind orders now.

Whether an allotment of more steel would mean more steel-jarred canned goods on grocery shelves is problematical. The military services will take more processed foods this year than last so it is probable that the extra cans will be for overseas shipment.

### Rate Legion Bill High

Chances are the house in reporting out the "G. I. bill of rights," American Legion-sponsored veterans' legislation will give it a 1-A priority rating. Representative John E. Rankin of Mississippi, however, told the House the World War veterans committee, of which he is chairman, will "make haste slowly" and report out a bill the whole body can support.

"No member can tell when the bill will reach the floor for passage," Rankin declared, adding rather extensive hearings will be held before it gets the committee's green light.

But Gen. Frank T. Hines, chief of the veterans' administration, has asked to appear on the legislation. Rankin said as well as several members of Congress and representatives from other veterans' organizations.

Hope was expressed by Hill leaders that the bill could be quickly approved by both houses of Congress and sent to the president for approval before the recess. Quick Senate adoption of the bill was seen by bi-partisan leaders as an indication of speedy action by both chambers.

The housing shortage sometimes cramps the style of the War Labor Board's steel panel which is hearing the case of the steel workers for a \$237,000,000 wage boost.

With about 150 union and industry representatives attending each session the panel had to scramble around for a suitable hearing room and finally held a couple of meetings in the auditorium of the National Museum.

All of which led one wag to quip: "After this thing has dragged out for two or three months they are going to let it go away upstairs with the other fossils."

### Taxes Still Problem

The house ways and means committee still is having difficulty working out a plan of individual income tax simplification. It is true the committee has announced that it will submit a formula for simplification but the spelling out of this formula into air-tight legislative language is proving a tough job.

A look into the crystal ball proves that Congress will do well if it gets the simplification bill through the House by May 1, and through the Senate by June 1.

Representative Sol Bloom (D) of New York came out flatly the other day with the assertion that there is no such thing as a "United States Senator" or "United States supreme court."

Bloom, a self-educated student of the Constitution and author of several books on Constitutional history, explained his statement by asserting that technically senators should be referred to as senators of the United States, and the court should be called "supreme court of the United States."

So he added, the letterheads of the senators are off base because they list the legislators as "United States Senators." Similarly, the supreme court usually is labeled incorrectly.

"Tsk, tsk," Mr. Bloom concluded.

## LOOKING AT LIFE

When a state trooper marries a policeman, there's bound to be excitement sooner or later because where there are guns there's bound to be shooting.

Well, Trooper Harold Galvin of Hawthorne, N. Y., filed charges of assault against his wife, Policewoman Rae Galvin, who in turn filed counter-charges against him.

She said she tried to get his wallet in the bedroom of their home, and he thought she was reaching for his gun.

A row started, no one was hurt, and when the case came up in court neither of the two wanted to prosecute. They had kissed and made up. The case was dismissed.

Every time I read about these matrimonial rows, I look around me at my own friends and neighbors out of take a peep into marriage.

For instance, just this morning I went to a friend who has been married three times. The first two marriages were complete failures. There was constant fighting and nagging and bickering.

But the third one is a success. I'll tell you why.

He is a very temperamental chap. Flies off the handle at the slightest provocation, rants, raves, shouts. The first two wives joined in the fight. Pretty soon their light turned into a brawl.

The inevitable result followed: DIVORCE.

But the third wife just lets him rave.

"Last night she certainly made me feel like a darn fool," he said. "I got mad about something concerning her sister."

"She just sat there and looked at me. Never opened her mouth. And there was an amused look in her eyes."

For heaven's sake, why don't you say something? I finally asked her.

"Why should I, darling? She answered in her sweetest tone, 'you are doing all the talking. So I just shut up and went to bed.'"

It takes two to fight. Try the silent treatment some time. It works. I guarantee you that.

My wife has tried it on me. And instead of feeling like the great big master of the house I just felt like a darn fool.

Particularly when Deuce, my Scotchman, came over when I was shouting my loudest, said "woof," hopped on my lap and licked my face.

## The Parent Problem

By Garry C. Myers, Ph. D.

### SITTING PUNISHMENT EXPLAINED

Almost daily during the past several years, Mrs. Myers and I have been meeting with one or more parents who come somewhere in the United States to talk with them about their children.

In three out of five of the most recent groups a mother has risen during the discussion to testify that the chair-sitting punishment I have often advised in this column be repeated and amplified before the group, adding: "It certainly has worked well with my children." Besides, in almost every mail one or more letters make a similar request or statement.

Well, here goes. As soon as your little child has learned the meaning of "No" without doubt, you can and should, I believe, abandon physical punishment—spanking.

If the spanking has been done selectively and thoughtfully in accordance with a plan agreed to by both parents and applied consistently by them, somewhat after the manner described in my bulletin, "How to Teach Your Means of NO," it will be had for postage in the usual way, in an atmosphere of affection and understanding, the youngster will stay where he is put. This may be achieved by the time he is 3 or 4, certainly before he enters the first grade at school.

Veterans Of Two Wars Are  
Undergoing Treatment At  
Government Hospital

Nine Lawrence county men, most  
of them from New Castle, are un-  
dergoing treatment in the Aspinwall  
Veterans hospital, it was revealed  
today by A. Lewis Conn, service  
officer of the Perry S. Gaston Post,  
American Legion, who visited the  
men yesterday.

Some of the group are from  
World War Two, and some from  
World War One. Among the former  
number is Pfc. Joseph F. Boron,  
who served with Co. G, 39th In-  
fantry, in the fighting in North  
Africa, and who sustained a seri-  
ous wound to his spine. He has  
been in hospitals in this country  
for almost a year now, and has  
been discharged from service. At  
the present time, he is being taught  
to walk again at the hospital, and  
is making slow but steady recovery.  
It is reported.

Others in the group are: Ralph  
Downing, 131 1/2 Water street; Wil-  
liam Eichorn, 745 Croton avenue;  
Hubert J. Fitzgerald, 229 Crescent  
avenue, Ellwood City; James A.

at the intersection of the Freepport  
and Great Belt-Herman roads.

Critically injured in the ac-  
cident which cost the life of her husband,  
Leroy Henry Lerner, Mrs. Lerner  
died at the Butler hospital last  
night.

Hospital authorities reported two  
other persons injured in the ac-  
cident still in a serious condition.  
They are Alice Jane Lerner, 2-year-  
old daughter of the Lerner's, and  
Carl Patterson, 19, Butler, R. D. 4,  
who is being treated for extensive  
burns suffered when he was sprayed

constant threat would encourage dis-  
obedience. He must know without  
any doubt that if he should leave  
the chair one inch before the time  
were up, spanking would routinely  
follow. Clearly, then it would be his  
choice.

#### Mother's Questions

"Wouldn't the youngster of twelve  
or thirteen resent such punish-  
ment?" a young-looking mother of  
eleven children asked at a meeting  
the other evening.

"Not if he had been controlled  
effectively up to then by thought-  
ful parents who were consistent and  
self-controlled," I replied.

"You would not, of course, at-  
tempt to use this sort of punish-  
ment at twelve if you had not con-  
trolled the youngster pretty well up  
to then, in which event, you would  
begin with the next baby," I added.

Following another such meeting  
recently a young father, an indus-  
trial executive, who takes his pa-  
rent-hood seriously, said, "A lot of  
children in this community will be  
sitting on chairs tomorrow."

**Solving Parent Problems**

Q. When might a spanking of a  
tot in a tantrum be justified?

A. When he is endangering other  
persons, himself or property. My  
special bulletin on "Temper Tan-  
trums" may be had for postage by  
writing me at 235 East 45th street,  
New York City, enclosing a self-  
addressed envelope with a three-  
cent stamp on it.

Q. My boy, 10, is crazy about his  
dog for which he is supposed to be  
responsible, but half the time she  
wouldn't be fed and watered if we  
didn't remind him.

A. Quit robbing the lad of re-  
sponsibility. If you have the intel-  
ligence and courage, provide effec-  
tive penalties for each time he does  
not on his own accord care for that  
dog regularly. Otherwise, get rid  
of the dog. If such a rule were fol-  
lowed the nation over, the pet popu-  
lation would certainly shrink.

Q. My baby is two. She will roll  
and tumble for an hour or more  
before falling asleep. What punish-  
ment do you advise?

A. None, since she says down in  
bed. Help her have a calmer and  
less strenuous day. Show her more  
affection. These falling after a few  
weeks, consult your doctor.

To remove a butter, fat or oil

## Primary Candidates Invited To Speak At Meeting Of L.W.V.

League Of Women Voters  
Plan To Hear Local Candidates At April 19 Session

Primary election candidates for public office have been invited to attend in person and speak or send letters stating their positions on vital issues to be read at an open meeting of the League of Women Voters next Wednesday, April 19, at the Y. W. C. A.

Opportunity to be heard is offered candidates at this meeting as the stand of those who will win seats in the United States legislature will be reflected in rehabilitation plans for our own country and for other nations after the war.

Candidates for seats in the General Assembly have been asked to state their position on appointing a state tax commission. Mrs. Kenneth H. Beck, L. W. V. president, said. They have also been asked their position on a more extended state sales tax or graded state income tax and to speak on other issues they consider of importance. There will be a board meeting of the league at 1:30 p. m. Wednesday, business meeting will be called at 2 o'clock, and candidates will be heard at 2:30.

## Draft Board Breaks Up Noted Ensemble

One Of Quartet Is Accepted  
For Army; Quartet Is  
Then Disbanded

PHILADELPHIA, April 14. — (INS)—A draft board in suburban Upper Darby recently broke up a beautiful friendship, a perfect bride foursome, and one of the finest chamber music ensembles in the nation.

All four members of the Curtis String Quartet, the Quaker City's noted chamber music group, were called up for their physicals on the same day. Max Aronoff, viola, Orlando Cole, cello, and Charles Jaffe, second violin, were rejected. Jascha Brodsky, first violin, was inducted into the army.

Because of the difficulty of replacing a man of Brodsky's talent, the quartet has disbanded. For 16 seasons—ever since they were students at the Curtis Institute of Music—the four had played together. When they married, they all moved to Upper Darby, where Cole and Aronoff are next door neighbors, and Brodsky and Jaffe lived in the next block.

The quartet averaged 70 concerts per season in their tours of the United States and Canada. They were chosen representatives of American music by the English speaking union for King George V's silver jubilee in 1935, and have also played at the White House.

The rejected musicians will now devote their main efforts to their school in Philadelphia.

## NEWS AND VIEWS AT CAPITAL

International News Service  
HARRISBURG, April 14.—Although Gov. Edward Martin has received the assurances of Republican and Democratic leaders that political speeches will be avoided when the special session of the legislature is convened May 1, the administration's desire for a harmonious meeting may be marred in another fashion. Individual legislators may seek to place the assembly on record with resolutions covering a variety of subjects. The governor's call limiting the work of the assemblymen cannot be expanded but resolutions are not subject to this restriction. A resolution was expected to be introduced calling upon the federal government to return control of the unemployment compensation fund to the state. The resolution probably will touch off some debate when Democrats lining up against adoption and the GOP supporting it.

Governor Martin's scrutiny of federal payrolls and commitments was prompted him to report that there were 3,214,900 persons on U. S. government payrolls in December, 1943, an increase of 300,000 in 12 months. "Today about one out of every 41 is a federal employee and this does not include the men and women in the armed forces," he said.

The honor roll of 5751 state employees serving in the armed forces now bears 11 gold stars. The names are printed on large glass-covered plaques that stand in the

rotunda beneath a huge service flag bearing 67 blue stars, one for each county and one larger star representing the state. The department of property and supplies keeps the record up to date.

A series of one-day "county institutes" to draft local postwar plans have been planned by the institute on municipal postwar planning in cooperation with county commissioners. Officials in the department of internal affairs, which has supervised the institute's conference, expect the state group will meet to draft a master postwar plan for Pennsylvania. The last of the regional meetings sponsored by the institute will be held in Pittsburgh April 27 for Western Pennsylvania planning agencies.

The Pennsylvania federation of labor, AFL, has rounded out 42 years of progress and claims the affiliation of 1100 labor unions and central labor bodies with a combined membership of 325,000 workers.

The union was organized at Scranton in 1901 when charter members elected Hugh Payne, of Scranton, president. One of the first bills sponsored in the legislature prohibited the employment of under-age youths in and around mines for more than eight hours a day and another making it a misdemeanor for unauthorized persons to wear union buttons.

The cadre of the United States Marine Corps includes 15 types of sergeant.

## Crown Prince Of Italy Includes Japan As Enemy

WASHINGTON, April 14.—(INS)—Official Washington expressed keen interest today in the statements of Italian Crown Prince Humbert that "we must fight Japan with our fleet—and it's a good fleet—and with our ground forces."

Officials pointed out that the Italian fleet is still in tact. It has not been divided up for distribution between Great Britain, the United States and Russia. And, quite probably it never will be, they declared.

Spokesmen emphasized that President Roosevelt, in promising Russia one-third of the Italian fleet, used the phrase, "or its equivalent," indicating that the naval units assigned to Russia may come from other Allied fleets.

The State department's reaction to Prince Humbert's statement was to point out that it is not practicable to transfer the Italian fleet to northern waters, the fleet of other nationalities will be used.

Even more interesting to Washington officials was Humbert's inclusion of Japan as an enemy of Italy. It was pointed out that after the collapse of Italy, the Badoglio government declared war against Germany, but has never declared war against Japan.

Thus Humbert's statement that "we must fight Japan," is regarded as a more sweeping adherence to the Allied position than Italy has ever expressed before.

### UNIFORMS FOR \$39.75

Fire Chief James E. Thomas today reported that the Reynolds, Summers Company is making a fireman's uniforms for \$39.75, and not for \$45.00, as stated in city hall yesterday. The council awarded the contract to the local firm following a recommendation adopted by a committee representing firemen.

## Hull Reveals U. S. Protests To Spain

WASHINGTON, April 14.—(INS)—Secretary of State Cordell Hull revealed today that the United States has delivered a note of protest to Spain to forestall the threatened seizure of American and British oil stocks in Spanish Morocco.

Reports from Spain indicate that the Franco government has already seized small stocks of oil belonging to the Anglo-American Shell and Vacuum Oil companies in Tetuan, Spanish Morocco.

## Suggests Some Use Of Reserve Gold Supply

NEW YORK, April 14.—(INS)—Frederick E. Hasler, president of the Pan American society of the United States, proposed today that this country use some of its twenty-one and a half million dollar gold stock to buy scarce raw materials to build up reserves for emergency use, after the war.

Speaking at a luncheon given by the society and other co-operating organizations in celebration of Pan American Day, he urged a post-war continuation of buying of such raw materials until the markets of the world are re-established.

"The people of the United States," he explained, "realize that when peace brings to an end the demand for strategic raw materials for war use that steps must be taken to cushion the shock this will have on the economy of some of the Latin American Nations."

"Nations must unselfishly help one another and work to improve the level of living in all countries, if we are to attain a lasting peace."

The war has shown that Pan Americanism does not rest upon "a flimsy base of altruistic words and promises," Hasler asserted, but upon "a concrete foundation of power."

He predicted that "with the ending of the war, Pan-Americanism will face still another test—the ability of the twenty-one nations to work together and to unselfishly help each other in the difficult period of returning to a peace-time economy."

Farm milk production of the United States reached 55,460,000,000 quarts in 1942.

## St. Vitus Sodality Elects May Queen

May Queen's Court Attendants Chosen For Crowning Event During Month Of May

Miss Catherine Miscimari was elected May queen to reign during the May crowning event of the Sodality of Our Lady of St. Vitus church, to be held sometime during the month of May.

Attendants for her court were chosen as follows: Dorothy Naples, Angeline Venditto, Betty Terranova, Rose Costa; crown bearer, Anna DeMatteis, Jean DeJoseph; faith, hope and charity, Frances Corio, Philomena Guido and Louise Corio. An interesting vocation skill was presented by the Apostolic committee, and those participating were Bernice Dellaverson, Mercedes Deliquadri, Catherine Mastrangelo, Edith Smarrelli, Antonette Eliso, Mary Lou Santillo, Henrietta Colella and Margaret Naples.

Rev. Fr. Albert M. Intese, spiritual director, announced the first class of instructions for candidates to be held Sunday, April 16, in the church basement.

Mary Sinato of Our Lady's committee spoke on the Seven Joys of Our Lady, and the rosary; Ann Boazza spoke on the Seven Sorrows of Our Lady, and the rosary. Catholic Truth committee distributed pamphlets and announced April to be pamphlet month. The Apostolic committee held an April charity shower for missions, and this donation will be sent to Rev. Fr. Michael P. Hinnebusch, former pastor of St. Margaret's church, now in charge of a southern prison camp.

Plans were announced by the social life committee for a mother-daughters communion breakfast on May 14. Bulletin boards are in charge of the publicity committee, and Louise Corio, bowling chairman, announced plans for the banquet at the end of the season. Margaret Naples, defense committee chairman, asks the help of the group in the waste paper drive.

Rose Boazza, Sodality choir chairman, announced that the Easter mass will be sung Sunday morning at 11 o'clock by the Sodality, and this evening rehearsal is at 7:30 o'clock. May 18 is the next meeting.

**Censorship Veils 'Sitdown Strike' Of Nazi Prisoners**  
TRINIDAD, Colo., April 14.—(INS)—An airtight censorship imposed by officers of the Seventh Service Command today shrouded developments in a sitdown strike reported to have been staged by captured Nazi army officers interned at a prisoner of war camp near Trinidad.

Col. Lambert B. Cain, new commanding officer at the camp which has been the scene of numerous incidents in recent months, disclosed the strike began when privileges were taken away from two Nazi officers who were recaptured after escape plots in recent days. A similar strike was halted last week by imposition of a "no work, no food" edict.

"All information on this new strike must come from the public relations officer of the Seventh Service Command at Omaha," Col. Cain said. "I cannot give the details of how I am meeting this situation or disclose how many officers are involved."

## Can Collectors To See Movies

School Youngsters Hurry To Qualify As Guests At Special Matinee On April 29

Students of the elementary schools of the city and county are putting on a little extra steam this month in the collection of tin cans. On April 29, the youngsters who show a total of 350 cans for the five weeks immediately preceding will be guests at the Penn Theatre when "Heavy" Aldrich, President will be shown.

Getting tin cans now is more difficult than it was a year ago for the supply of canned goods in the average home is much reduced due to the point system. In spite of this the youngsters are turning in high totals which indicates a lot of digging.

Under the chairmanship of S. Glenn McCracken the can collection in the city this year has been outstanding. In the county district Hugh Chapin has done a good job of heading the collection. Repaying their efforts has been a lot of carloads of tin cans which not only provide precious tin for new tin cans, but also provides scrap steel for the steel furnaces.

### VICTORY GARDEN NOTES

By LEWIS C. DAYTON, County Agent

### WORK GARDEN AND PLANT AT PROPER TIME

No amount of excellent care later will make up for lack of good soil preparation before the garden is planted. Deep stirring of the soil increases its capacity for holding both air and moisture. Usually the soil can be plowed or spaded 8 or 9 inches deep without turning up the subsoil.

Some people become impatient to plant crops before conditions are suitable. Many tender crops such as beans, tomatoes, and corn should be left out of the ground until the soil is well warmed and danger of serious frosts is past. Until that time arrives the gardener can be occupied by proper soil preparation and the planting of hardy crops.

Inexperienced and impatient gardeners often begin to dig or work the soil before it is dry enough. The soil is ready to work if it crumbles readily when pressed tightly in the hand. Heavy clay soils lose their crumbly texture and become hard, compact, and lumpy if they are worked when too wet, and several seasons may be required to get such a soil back into good condition again.

## Expect Large Ransom Demand In Chicago Case

CHICAGO, April 14.—(INS)—Ransom of \$100,000 to \$250,000 is expected to be demanded for the release of Jack Guzik, general manager of the Capone Syndicate Rackets, the Chicago Herald-American said today.

The newspaper said that word came from the paunchy 58-year-old mob leader's wife and daughter now in Miami, Fla., through syndicate associates in Chicago.

The story added that a major portion of the anticipated ransom demand would be paid on the stipulation that Guzik, apparently

"snatched" in a kidnap plot yesterday, be returned alive.

Chicago underworld sources laid the abduction to the remnants of the old mob of Roger "The Terrible" Touhy, now serving 99 and 199-year terms in the Joliet state prison for the kidnaping of John "Jake the Barber" Factor, and for the prison escape of himself and other gang members in 1942.

By underworld report, Guzik is several times a millionaire.

## Yes, BOYS, KITE FLYING IS FUN But— LET'S STAY AWAY FROM *Electric Wires*

Yes, fellas, have all the fun you want flying kites, but pick out a nice open space to fly them in because if that kite string of yours should tangle with one of those high voltage lines—especially, if the string was wet, some of you might be killed.

And, it might put a whole line out of commission—a line that carries light to hospitals and sick rooms—city fire pumps and factories.

So, watch where you fly your kites, and another thing, NEVER use fine wire for a kite string or any metal in the kite frame or tail.

## No Celebration For Princess On 18th Birthday

By JOHN W. JARRELL  
(U. S. Staff Correspondent)  
LONDON, April 14.—No grandiose celebrations will mark the 18th birthday and official coming-of-age on April 21 of Princess Elizabeth, heiress-presumptive to the throne of Great Britain and northern Ireland.

Court circles indicated today the event will be observed on distinctly austere lines, befitting the reign

PRINCESS ELIZABETH

ing house of a nation in the fifth year of a bloody and impoverishing war for its existence.

Royal Family Hopes  
King George VI, the girl's father, has let it be known the royal family hopes its wishes in this connection will be fully respected. The fabulous gifts the princess might have expected had the coming-of-age been celebrated in peacetime, the great court balls and banquets, fireworks displays, river carnivals, opera performances and other usual month-long festivities will be missing.

Instead the princess will get strictly personal presents from her parents, her sister, and her immediate relatives. These gifts, although of enormous value and in the heirloom class, will not approach the "riches of the Indies" which have been showered on previous throne heirs on reaching their majority.

Court circles said today that the presents given the youngest by the intimate members of her family will be "rather modest." In accordance with the king's wishes that the affair be treated as far as possible as a private celebration, no publicity is being given the nature of these gifts.

To Receive Pearls  
But it was reported Queen Mary, the princess's grandmother, will give the girl one of the fine ropes of exquisite pearls owned personally by the queen mother and collected by her over many years for the coming-of-age.

It was stated the king and queen are giving her her first diamonds of any size and value, adorning a wrist watch, brooches, and clips.

Jewelry, according to court circles, will form the basis of virtually every gift given the princess by such people as her aunts and uncles. The younger members of the royal set are combining to give her diamonds and pearls, while her sister Margaret's gift will be jewelry, selected by herself.

A congratulatory message and a gift is anticipated from the Duke of Windsor. The gift probably will take the form of jewelry.

As of April 21, the princess will be one of the regent council of five empowered to act for the king during his absence from the country. She does not come of age in the legal sense until she is 21, but if she were to ascend the throne after April 21 she would do so as a reigning queen, and not as a minor.

But for the war, she would have waited until April 21, 1947, before attaining her official age as well as her legal majority. Parliament, with the hazards of war in mind, amended the statute and passed a special bill last year enabling her to attain her official majority at the age of 18.

## Governor Sees Benefits From Buying Program

HARRISBURG, April 14.—(INS)—The commonwealth's annual \$25,000,000 purchasing program was credited today by Gov. Edward Martin with saving taxpayers unestimable amounts of money. He pointed out, however, that wartime material shortages made it impractical sometimes to make economical purchases. Officials in the department of property and supplies have estimated the shortages have forced a 20 per cent curtailment of the purchasing program.

The department, which supervises purchasing for the commonwealth, reported difficulties in buying materials and equipment which range from heavy highway equipment to paper clips and rubber bands.

## New Bombsight Makes Low Level Attacks Effective

**Can Destroy Battleship By Ex-  
ploding Missile Under Un-  
armored Bottom  
Of Ship**

By ARTHUR F. HERMANN  
EGLIN FIELD, Fla., April 14—  
The war department today made  
public a revolutionary new low-  
altitude bombing technique capable  
of destroying a battleship by ex-  
ploding the missile directly under  
the unarmored bottom of the dread-  
naught.

The technique, already proven in  
actual combat, is made possible by  
a new and simple bombsight which  
has greatly advanced "skip-bomb-  
ing." The new method is known  
to the air force as "buzz-bombing,"  
and has also proved singularly suc-  
cessful as a tank-destroying weapon.

At the same time relaxed censor-  
ship restrictions permitted a group  
of touring newsmen and radio com-  
mentators to observe the B-29 super-  
bomber designed for especially long  
bombing missions and now in mass  
production. Except for its size the  
huge B-29, powered with four 2,200  
horse-power engines, is an almost  
identical replica of the flying fort-  
ress. Its heavier bombload and ex-  
tremely long range, particulars of  
which must remain a military secret,  
hold forth great promise for the  
fighting qualities of the huge  
airplane, according to officers.

Reports were also shown re-  
built German and Japanese air-  
planes, as well as British types of  
warplanes at this field, the air force  
proving ground for planes, guns  
and equipment of all kinds.

The new low altitude bombsight  
and bombing technique were dem-  
onstrated to reporters by an of-  
ficial war department film. Flying  
at a height of 50 feet, fast fighter-  
bombers were shown as they at-  
tacked moving tanks. With the aid  
of the bombsight, bombs are dropped  
at such short range that moving  
targets were easily hit.

The technique for blasting an  
enemy battleship revealed that the  
new sight permits accurate short-  
range discharge of bombs which are  
timed to explode when they have  
settled in the water directly under  
the battleship's hull.

Unique features of the simple  
sight permit the pilot-bomber to ad-  
just the instruments to his own  
map, compass and reactions  
while under the strain of battle.  
The device has been credited with  
a large part of the major victory  
over the Japanese chalked up by  
the U. S. Navy in the battle of Mid-  
way.

#### BRIEF NEWS OVER STATE

CHESTER—The United States is  
the only land Nadine Wilma Wilma  
Sekelj has ever seen, yet she is a  
Portuguese citizen and the daughter  
of Yugoslavs. She was born April  
Fool's Day aboard a Portuguese  
refugee ship and rushed with her  
mother to a Chester hospital after  
the vessel docked at Marcus Hook.

ERIE—Leon Livingston, of Erie  
known to thousands as "A No. 1  
Tramp" was dead today at the  
age of 72 after wandering which  
took him 525,000 miles into every  
part of the world. His wanderlust  
began when he was 11 and remained  
with him for 31 years. He became  
famous for his lectures and was the  
author of 12 books.

CORNWELLS HEIGHTS — The  
Ralph Simons family, of Corn-  
wells Heights, has what is believed  
to be the nation's most unusual lawn  
decoration, an Italian wine cart  
which cost \$6,000 in duties to im-  
port.

CARLISLE — Capt. Leonard L.  
Cowley, of St. Paul, Minn., now  
stationed at the Carlisle Medical  
School, likes to tell the story of  
what happened when he was station-  
ed at a foreign base. Imagine his  
surprise, he said, when an Eng-  
lish transport landed and out stepped  
the king of England, General  
Montgomery and General Alexander  
for a routine inspection of North  
African bases.

HUNTSDALE — Most men antici-  
pated the possibility of being shot  
after they are inducted into the  
armed forces. But John D. Evans,  
Harrisburg truck driver, didn't have  
to wait. A few days before his  
scheduled induction he accidentally  
shot himself in the leg.

PLYMOUTH MEETING — Marine  
Cpl. Freeman Holsington, 20, of  
Plymouth Meeting, returned home  
on furlough with two presidential  
citations for his part in repairing  
damaged planes during three south-  
west Pacific campaigns. He saw ac-  
tion on Guadalcanal, New Georgia  
and Bougainville.

INDIANA — Dr. Ralph Helges  
dean of Indiana State Teachers  
College, has warned that a belief  
that U. S. economic and British  
political policy were the basic  
causes for the Pacific war was al-  
ready taking root in America and  
that such a notion inclined toward  
a negotiated peace with Japan.

CALIFORNIA — William Hanley  
Mahaney, the last Civil War vet-  
eran of the California area, was  
dead today, three months before  
his 100th birthday. Mahaney joined  
the Union Army when 17 and par-  
ticipated in 30 engagements, in-  
cluding the entire Gettysburg cam-  
paign.

PHILADELPHIA — The wailing  
of a 10-week-old infant was credited  
today with having prevented a rob-  
bery. Mr. and Mrs. Marvin Shupe,  
of Philadelphia, told police the cry-  
ing of their tiny son, Kenneth, fol-  
lowed by the ringing of an alarm  
clock, scared off intruders.

##### JUGGLE MEALS

If you're having trouble making  
the milk go around these days, juggle  
your meals to use milk in other  
forms—cottage cheese and other  
cheese in casseroles, soups, sand-  
wiches and salads. Don't overlook  
buttermilk and skimmed milk. Then  
there's canned milk and ice cream,  
too, besides dry milk powders.

No passenger automobiles have  
come off the assembly lines since  
February, 1942. At that time there  
were about 27½ million passenger  
cars in the U. S., including those in  
the hands of dealers.

## Charge Germans Killed 70,000 In Crimea Sector

### Nazi Plan For 'Lebensraum' Was Program Of Elimination Of Residents

MOSCOW, April 14. — (INS) — A vast Nazi plan to gain "Lebensraum" in the Crimea by clearing the southern coast of the peninsula of Russian inhabitants to make room for hundreds of thousands of German settlers has been smashed by the current Red army onslaught. The Germans already had gone far in preparing places for settlers to live and thousands of Soviet residents were removed by the simple expedient of extermination. In Sevastopol, Kerch, Simferopol and Feodosiya Gestapo agents were estimated to have killed or tortured to death some 70,000 Russians. At Simferopol the Germans did the same thing as at Kiev—ordered the center of the city cleared of inhabitants to make the area available for use of German officers. Hundreds of families from Simferopol were made homeless and left without shelter. The Germans reportedly killed all Karains (Crimean Jews). Among those slain, according to information said to have been obtained from German authorities, were peaceful fishermen, vineyard farmers and many intellectuals.

## Westminster Dean Of Women Resigns

NEW WILMINGTON, April 14. — Mary E. Turner, dean of women at Westminster college since 1932, has resigned her position to retire from active college work, it was announced here today. Westminster president, Dr. Robert F. Gaibraith said that the college has reluctantly accepted Miss Turner's resignation.

No announcement has been made at this time as to a possible successor.

## High Students Taking Part In Farrell Festival

Local Student Singers Represent School In Three-Day Song Festival

New Castle senior high school is being represented by 14 students, who will take part in a great choral festival, culminating in a spectacular concert on Saturday evening at 8 o'clock which will be led by Dr. Noble Cain, one of the nation's outstanding choral directors.

In addition to the concert on Saturday evening, there will be two radio broadcasts, one over WPIC at Sharon at 2:30 o'clock Friday and the other over KDKA at 11:30 o'clock Saturday morning.

There will be 400 voices in the chorus. The local students have been practicing for some time on the event under the direction of Robert A. Duff, director of vocal music at the senior high school. He accompanied the group which went to Farrell yesterday and will be present during the remainder of the week.

Those representing the local school are: Sopranos: Betty Aibel, Betty Hogue and Peggy Wilkison. Alto: Mary Esther Coates, Jane Kerr, Maxine Taylor. Tenors: Harvey Bowman, Robert Gee, David Kish and Glade McCullough. Basses: Jack McMillin, Stephen Polley, Charles Shaw and Harry Spence.

**RED CELLOPHANE STRIPS WORTHLESS AT ASPINWALL**

PITTSBURGH, April 14.—(INS)—Colonel Robert C. Cook, manager of the Veterans' hospital at Aspinwall, today has requested that people stop sending the red cellophane strips from cigarette packs.

For months the institution has been deluged with thousands of packages of them, and they are useless. There is no truth in the rumor that the strips are good for free cigarettes for service men and women, he pointed out.

## Captain Bong Gets Promotion

GEN. MACARTHUR'S HEADQUARTERS, New Guinea, April 14.—(INS)—Capt. Richard I. Bong of Poplar, Wis., who yesterday became America's top ace in aerial combat when he was revealed to have downed 27 Japanese planes, today was promoted to a major and looked forward to receiving a case of Scotch.

When Capt. Eddie Rickenbacker was visiting the Southwest Pacific a few months ago, he promised a case of the now-scarce liquor to the first pilot breaking his world war record of 26 enemy planes down.

Bong rang the bell.

Now he's waiting for his Scotch.

A picturesque legend revolves about the Guatemalan quetzal. The quetzal, an almost extinct bird, symbolizes the fierce Guatemalan love of freedom in that it quickly dies in captivity.

## Armour Ideas Make the Most of Meat

### Flavorful and Tender! Tomato Beef Pot Roast

Who doesn't like a melt-in-your-mouth pot roast? It's a favorite American Sunday dinner. And here is a recipe with new flavor that's especially good... with suggestions for stretching the leftovers.

Ask your meat man for a 4 to 4½ lb. Armour's Star Round Bone Pot Roast. When you get Armour's Star Beef, you are sure of getting the finest, tenderest meat.

Brown the meat slowly in 2 tablespoons of fat for about 30 minutes. Add 1 sliced onion, 2 whole cloves and 3 teaspoons salt. Add ½ cup tomato

juice, cover and simmer slowly for 2½ to 3 hours, or until tender. Add an additional ¼ cup tomato juice as needed during cooking. Place 5 peeled potatoes in the bottom of the kettle with the meat and 10 small cleaned carrots on top of meat. Cover tightly and simmer 40 to 45 minutes longer or until potatoes are done. This will serve 4 persons and provide sufficient meat for one or two other meals.

Suggested leftover dishes: Beef biscuit roll, beef potato patties, Mexican beef or roast beef hash.

### Thirty-Three Nazi Grounded Planes Smashed Thursday

LONDON, April 14.—(INS)—Thirty-three Nazi planes were destroyed on the ground and heavy damage inflicted on vital German war plants in yesterday's furious American heavy bomber assaults against Schweinfurt, Augsburg, Lechfeld and Oberpfaffenhofen, reconnaissance photographs revealed today.

### House Approves Huges Navy Fund

WASHINGTON, April 14.—(INS)—The house today unanimously passed the record 32 billion, 647 million dollar naval appropriation bill for the fiscal year beginning July 1. There were 257 members present.

No over-all opposition to the measure appeared in debate, although several members, including Reps. Noble Johnson (R) Ind., and Calvin Johnson (R) Ill., criticized the army and navy as failing to coordinate their activities to avoid duplication of construction projects.

The Indianan called for a joint army-navy purchasing agency to "avoid extravagant wastes" through duplications.

### AROUND CITY HALL

Council was in a receptive mood today and with officials of the New Castle school district held themselves in readiness to receive a check amounting to \$31,650.71, from the Eagle Indemnity Company to cover the reported shortage of former Treasurer C. C. McKibben, after receipt of which the McKibben embezzlement would become a dead subject, officially. The school board was to receive \$18,580.26 and city, \$13,070.45, according to City and School Auditor Sidney L. Lockley.

Streets Director James Gibson stated today that the old sweeper, which was repaired during the winter months, was operating today for the first time this spring.

Converse Branscome, 108 Croton avenue, today was issued a city permit to construct a welding and machine shop of brick and cement at that address at an estimated cost of \$4,000.

### RESIDENT'S FATHER DIES IN LINESVILLE

Mrs. C. A. Bullis, of Bartram avenue, received word of the death of her father, James Glancey, aged 81 years, of Linesville, Pa., who died Thursday at noon, from a heart attack.

Mrs. Glancey was known here, having visited here often. Funeral services will be Sunday at 3 p. m., in Linesville.

### Nine Are Sent To Prison For Plots On Mexican Leaders

MEXICO CITY, April 14.—(INS)—Nine persons, detained for allegedly plotting against the lives of two former Mexican presidents and the present minister of communications, were enroute today to the penitentiary of the order of Atty-Gen. Jose Aguilar Y. Maya who investigated their activities.

Five were over 60 years of age, and two were women. Police said they intended to bomb the homes of high government officials.

Meantime, authorities declared that Brig. Gen. Fernando Vazquez was arrested in Tampico and will be brought to the capital. He allegedly was associated with Lieut. Antonio De La Lanza Rojas, late assailant of President Avila Camacho.

### Appeal Bringing Soldier Father To Suffering Baby

RAHWAY, N. J., April 14.—(INS)—The appeal of the mother of an 18-month old baby suffering from Leukemia is bringing the child's soldier-father home from the South Pacific.

Mrs. Alice Traux, wife of Staff Sgt. Elmer Traux, recently appealed to President Roosevelt to arrange to have the soldier come home to see his ill child, Theresa, who is dying of the disease.

She was informed today that Sgt. Traux can be expected home next week, perhaps Monday.

# Postwar Employment As Viewed By Babson

By ROGER W. BABSON  
Copyright—1944—Publishers Financial  
Bureau, Inc.

BABSON

BABSON PARK, Mass., April 14.—Many letters come to me from men in the service and from their families asking as to what lines of business should offer the best opportunities after the war. Personally, I prefer the mercantile group, which includes everything from the small retailer who lives over his store and employs only his family to the great distributing concerns such as Sears, Roebuck and Montgomery Ward. It is impossible for anyone to make a profit on inflation, but good merchandisers should suffer least from inflation as their stocks of goods are constantly becoming more valuable. Merchandisers can usually pass along taxes and quickly adjust themselves to changing conditions.

## How To Select An Employer

It takes a little capital and patience to operate a retail store for one's self. Furthermore, it takes time and patience to work up to a good executive position in a chain store organization or even in a department store. Hence, most men wind up by getting connected with some special industry or manufacturing concern. The question is as to which industry has the greater opportunities and which pays the largest salaries and highest wages. Following will be found a list of the leading American industries.

These industries, I have grouped and, in fact, arranged in an order according to their rates of return on their total investment, before interest and income taxes. My theory is that the best opportunities lie with the companies that are making the most profits. (These are those included in group 4, which showed prewar earnings from 15 to 25 per cent.) I have divided these 72 industries into four groups of employers as follows:

### Group No. 1—Low Profits

The first group includes eight industries. During the last prewar year these earned only from 3 to 6 per cent on their capital investment. These eight follow:

Railroad equipment  
Fertilizer products  
Timber and lumber products  
Coke oven products  
Cane sugar  
Silk products  
Textile and sewing machinery  
Steel and rolling mill works

### Group No. 2—Small Profits

This second group contains 28 industries. The last prewar year for these industries showed a profit on the investment (before interest and income taxes) of 6 per cent in the case of clay products up to 10 per cent in the case of knit goods. The entire list of group 2 follows:

Clay products  
Agriculture machinery and tractors  
Petroleum producing and refining  
Cotton textiles

Bolt, nut, rivet and screw products  
Paper and pulp  
Marine  
Textiles dyeing and finishing  
Hat and cap  
Steel castings  
Copper  
Tanned, curried and finished leather  
Heating and cooking apparatus  
Cement  
Flour milling  
Malleable iron castings  
Furniture  
Plumbers supplies  
Book and magazine publishing  
Beet sugar  
Rayon and allied products  
Heavy machinery  
Saw, file and hand tools  
Leather, boots and shoes  
Paint and varnish  
Rubber products  
Knit goods

### Group No. 3—Fair Profits

The third group contains 18 industries starting with silver and plated ware, earning 10 per cent on the invested capital, and running up to corn products, earning 15 per cent on the investment, during the last prewar year, before deducting interest and income taxes. This is a very good list and includes some of the most satisfactory industries for the long pull, although I don't advise anybody into distilled liquor. It will be noted that this group 3 includes refrigerator equipment, gypsum and asbestos products, business machines and clothing, all of which are growing and profitable industries.

### Group No. 4—Good Profits

The fourth group contains 18 industries which were the most profitable of all during the few months before the war. They earned from 15 to 25 per cent on the capital invested. The radio and phonograph group showed a profit of 15 per cent, and this profit increased in the following order up to and including drugs and medicine group, which showed 25 per cent. (I might add that there were also two other industries not included in the above—the aircraft industry, which showed a profit of 35 per cent, and the soft drink industry, which showed a profit of 45 per cent.)

### Study the Management

Too many young men and women take the first job which comes along. This will especially be true after the war. To avoid being a rolling stone, it is wise to take a little time in selecting the industry which you are willing to master and especially the concern with which you wish to stay for life. The money which the industry is making is not the only concern. Look up the character of

the men for whom you are considering working. Do they attend some church? Are they interested in civic affairs? Have they a reputation for fair dealing and good treatment of their employees? But in selecting an industry consider also your own qualifications. Are you mechanical or not? Do you get on well with other people? Are you slow but accurate? Are you rapid but a little careless? Are you good at figures? Do you prefer to work in an office or pound the pavements and ring door bells at selling? What about your character? The industry should be chosen which fits into your temperament. Don't necessarily select an industry from group 3 or 4. None of these may be suited to your training, physique or temperament.

### UNDERESTIMATE WEIGHT

The lower applications per acre give greater returns per ton of manure. Most dairy farmers underestimate the weight of a load of manure. With the usual amounts of bedding, the thumb-rule estimate of a ton per load is too low.

## OCD NOTES

Auxiliary police who have presented properly filled applications

for certificates should attend a regular meeting of the organization at 2:30 p. m. Sunday when certificates will be presented according to a notice sent members by W. G. McMullen, police captain. Members of the OCD and others

in the Ryantown district or Post 6-2 are requested to attend the meeting at the People's mission, Sampson street, tonight. Honor roll maintenance and enlargement will be discussed.

Help wartime meals two ways with California navel oranges

## the HIGH-VITAMIN ORANGE JUICE

More Vitamins Per Glass

1. Get off to a better start in the morning by enjoying a 6 to 8 ounce glass of delicious California Navel orange juice at breakfast. You'll get all the important vitamin C you need each day...for California Navels give you the HIGH-VITAMIN JUICE. Five years of independent scientific tests prove they have more vitamin C, more vitamin A, more calcium per glass, plus valuable amounts of B<sub>1</sub>, B<sub>2</sub> (G) and other minerals.

## BEST FOR JUICE

## SEEDLESS—easy to peel, slice, section

More Ways to Use Them

2. Nature made the seedless California Navel oranges ideal for adding color and variety to wartime meals. They're easier to slice and section for delicious salads, fruit cups, and desserts. Use them to top off a well-balanced box lunch. And give them to the children as a nutritious between-meal snack. (They are perfect to peel and eat!) No other orange helps so many ways to make up for the canned fruit shortage.

## Junior Class Of Bessemer High Presents Play

Production Is Fine Success On  
Thursday Night; Blackout  
Halts Action For Time

"Hearts for Adoption", a comedy drama in three acts, was presented by the junior class of Bessemer high school before a large audience in the auditorium of the school Thursday evening. Evidence of the enthusiasm of the audience was the six curtain calls taken by the cast after the final curtain.

"Purp", an endearing pup who belongs to Bob Flick won the hearts of the audience with his performance as "Rags" and ended the evening as a star.

During the blackout, the audience waited patiently and quietly for the lights to go on and the play to continue. Between acts and during the blackout, the seventh and eighth grade orchestra played, under the direction of Joseph Martin.

Making up the cast of the play, which is one of drama enlivened by comedy and a touch of sophistication were the following:

Wilbur T. Anderson, Carl Affagato, Judith Retori, Stella Millich, Fern Scott, Nunzio Galletta, Virginia DeRosa, Mary Ellen Glasgow, Doris Grist, Doris Anderson, Wilbur A. Anderson, Tony Livorni, Delores Martin, Cecil Byers, Wilbur Miller, Kenneth Cracraft, Joe Tiatto, and "Purp".

Miss Esther Landman, director of the play, and Miss Mildred Patterson, business manager, were presented with flowers and gifts before the first act curtain went up.

In the past year and a half a few cases of intense and prolonged grief reaction following tragic bereavement have been successfully treated by electric shock.

## Weds Anyhow

DESPITE THE FACT that he is under sentence of 25 life terms—which would give him a prison sentence of 250 years—Richard Swain, 31, and Betty Kopp, 24, were married in a Columbus war plant, said, "I am very happy to be marrying Richard." (International)

## Hotel Directors Elected Thursday

Board Re-Elected Without Opposition At Annual Meeting Of Stockholders

Directors of The Castleton hotel were re-elected Thursday night when the annual meeting of the stockholders was held in the hotel. The re-election was without any opposition. The directors re-elected are: M. J. Donnelly, P. J. Flaherty, T. H. Hartman, A. C. Hoyt, C. H. Johnson, Jr., R. C. Love, J. K. Love, F. L. Rantz, George T. Weingartner, Frank P. O'Leary, J. P. Flaherty, and Emanuel Shenkan.

R. C. Love was named as the chairman of the stockholders' meeting and J. P. Flaherty as the secretary. Following the nomination of the directors Joseph Green, Dr. J. B. Foster and David Long were named by Chairman Love as tellers committee.

David Wayne Shaw, manager of the hotel, spoke briefly upon the year's record of business and his statement that the hotel was in sound financial condition is more than borne out by the financial statement. Since Mr. Shaw was made manager of the hotel the curve of returns has been progressively upward.

The meeting was a short one, all business being transacted without delay. Officers will be named at the next meeting of the directors.

## Spanish War Vets District Meeting At Grove City, Pa.

Northwestern District County Council of the Spanish-American War Veterans will be held in Grove City, Sunday, April 16, at 2 o'clock, in the Legion Home, Main and Broad streets.

This will be the regular meeting, combined with a special memorial service of the camp and auxiliary. Floor work will be put on by the Erie Auxiliary team.

Rev. James Barnett, DD, pastor of the Grove City Presbyterian church, will be the speaker. Sister, and national soloist, Mrs. Jeanne McDonald, and Mrs. Louise Bauer, deputy musician, both residents of Pittsburgh, will be in charge of the musical program.

## Will Appear In Important Roles In Play Tonight

Ann Griffiths David Flaminio

Two members of the cast which is producing "Janie", a strictly modern comedy of family and small town life, at the senior high school this evening, are Tee Ann Griffiths and David Flaminio.

Ann Griffiths plays the role of Bernadine Dodd. Bernadine is an adolescent girl as comedy sees her. Bernadine giggles and bounces and stuffs herself and preens before a mirror. It is a part that calls for constant clowning.

David Flaminio is Dick, former Yale sophomore and on the stage G. I. Joe. Handsome and sane and complete with uniform, Dick appears as a thorough guest and creates quite a stir with Bernadine and the other maidens of Hortenville.

Tee Ann Griffiths is the daughter of Mr. Edwin L. Griffiths, but resides with her grandparents, Mr. and Mrs. David Griffiths of Temple Avenue. David is the son of Mr. and Mrs. Dominick Flaminio of Neal Street.

## Discount Report Of German Radio About Invasion

TORONTO, April 14.—(INS)—A Canadian short-wave radio listener's report of a German broadcast telling of a purported allied landing in western France was discounted in official circles today.

(The invasion rumor was flatly denied in London this forenoon. Reuter's reported it had learned "authoritatively" that no landings had been made on the French coast.)

An employee of the department of transport, stationed at a Canadian airport, had quoted the enemy transmitter as saying an allied invasion force had struck "in considerable numbers off the coast of France, seized a small foothold below the port of Calais and are holding that position firmly."

(In both Washington and London, official government radio monitors aid they had no record of such a German broadcast. Monitors of the British ministry of information expressed belief the Toronto report was based on misinterpretation of a lengthy German radio review of the Dieppe raid on August 19, 1942. (In New York, CBS reported a check of all Berlin radio transmitters and all German or Nazi-controlled news broadcasts from France last night failed to disclose any mention of rumored landings.)

## New School Paper Makes Appearance

Senior High School Students Issue New Publication This Week

First issue of the Ne-Ca-Zette, the senior high school's new student publication made its appearance this week. It is the successor to Ne-Ca-Hi-Lites, and its management has been taken over by the Debate club. It is a nice news sheet and will be published tri-weekly, its masthead states.

The staff is as follows: Editor—Maxine Taylor. Assistant editor—Mary E. Coates. Copy editors—T. Ann Griffiths and Joan Cox.

Business manager—Burton Sloan. Assistant manager—Eugene Baer. Circulation editor—Joe Iannarelli. Reporters—Fred Barkby, Gerry DeNuccio, Norma Evans, Rosemary Factor, Florence Fazzone, Albert Fazio, Hazel Guy, Geraldine Hove, Peggy Hogan, Jimmy McClintock, Kenneth Peterson, Thaddeus Mosely, Bob Post, Bob Swash, Peggy Wilkinson, Fred Wimer and Hilda Zakel.

Contributors—Mary Jane Gibbons, Charles Leppley, Bill Lortz and Pat Shira.

Here's a Vermont farmer whose family enjoys fresh brussels sprouts, rhubarb and celery even in the dead of winter. Farmer Robert Jepson says the trick is to transplant strong roots from your garden at the end of the growing season, place them in boxes of rich earth in your cellar, and just let 'em grow.

## THE 'LOOKER' IS NEW IMP OF THE RAF

By CHARLES A. SMITH  
(U.S. Staff Correspondent)

LONDON, April 14.—Meet the "Looker," new imp of the British Royal Air Force and successor to the renowned Gremlin.

The Gremlin is on the way out. The Looker is very much in.

Nobody knows how it started, but the Looker in recent weeks has rapidly appeared on almost every RAF airfield and is now finding his way onto USAAF fields.

Like the Gremlin, the Looker appears anywhere and everywhere. He is never seen full face. He is always looking over a wall. He doesn't say anything but just looks at you silently with a faintly cynical, quizzical stare.

**Always on the Job**

He's being drawn on maps, on guns, on fuel gauges, on control panels. Pilots and crews say they know the Looker has his eye on them so they always keep very much on the alert.

Already the Looker has found a younger brother, named the Looker Mark Two or simply "Mysterious," that if they commit any error in flying, make a bad landing or a goody take-off, rev up their engines too much or too little, the Looker Mark Two will be certain to find them.

According to the boys, both the senior and junior Lookers get around. They are aboard aircraft, in barracks, in ration lines, in messes, alongside you at the bar, maybe in your bed.

Explanation of it all, of course, is that the Looker is very easy to draw. He is being drawn by the more and the dozen, and virtually anyone taking an air trip finds half a dozen of the tiny drawings around.

Usually he takes the shape of a half circle, with a long line at the bottom representing a well. A couple of dots for the eyes, a bit of nose, a wisp of curl on top of the circle representing the hair, and a couple of tufts looking ears, and the Looker is ready to go places.

## TESTED BY TIME AND THOUSANDS

The famous World's Tonic has a well known past, and, judging by the thousands who are using it daily and praising it so highly, its future is amply assured. A typical boost by a satisfied user of World's Tonic says: "I felt all out of condition because of constipation. Couldn't do any work or speak of without running out of breath and tiring quickly. My stomach bothered me a lot too. Since using World's Tonic and being relieved of constipation these conditions have greatly improved." World's Tonic is skillfully blended in a sanitary, up-to-date and scientific laboratory. World's Tonic (Trade Name) not sold as a General Tonic but as a splendid laxative and stomachic. ## Violent Battles In Eastern Bosnia

LONDON, April 14.—(INS)—Yugoslav Partisan forces were locked in "tough" combat today with tank and aircraft-supported German troops in eastern Bosnia after some 1,000 enemy soldiers were killed in a single sector.

Reporting that violent battles were in progress not only in Bosnia, but also in Slavonia and Herzegovina as well, the communique asserted that Chetniks of Gen. Draja Mihailovich were supporting the Nazi around Osjejenica-Grahovo.

Due to faulty transmission, the specific locale in which the thousand enemy troops were "annihilated" could not be determined by monitors.

## Report Polish Join In Battling Nazis

NEW YORK, April 14.—(INS)—Polish underground troops, ordered by the Polish government to collaborate with the Red army, have joined the offensive against the Germans in the Tarnopol area, the Polish telegraph agency said today.

The agency reported that the Polish soldiers had destroyed five German train transports fleeing from the beleaguered city.

## Lawrence County Farm And Home News

By Extension Representatives, LEWIS C. DAYTON, Agriculture;  
MISS JOSEPHINE SIMPSON, Home EconomicsPASTURE 'RENOVATION' SOME-  
TIMES IS NEEDED

Although Pennsylvania pastures generally are improved simply thru application of lime, phosphate and manure, there are some situations where pasture "renovation" as used satisfactorily in some middle western states, might well be tried. Extension agronomists of the Pennsylvania State college suggest:

In the middle west, thin, depleted, or grub-damaged pastures are well limed and fertilized, then vigorously disked or harrowed to break up and largely destroy the old sod, followed by seeding, generally in early spring, to the large clovers, such as red and white clover and alfalfa. The vigorous-growing clovers and essential nitrogen and organic matter to the soil and restore productivity.

Disking is considered much better than plowing, since it leaves the rather scanty supply of organic matter on the surface where it retains washing and aid in early growth of the seedling. Livestock must be kept off for several months until the new growth is well established. Some clipping to control weeds may be necessary, and grazing at first must be carefully regulated.

Liming and fertilizing must be liberal before reseeding, and an application of manure after seeding will be extremely beneficial. Use a complete fertilizer, such as 3-12-6 or 4-12-4, at least 100 pounds an acre, especially where no manure can be applied.

Adapt the seeding to conditions, with perhaps four pounds per acre of red, or better, mammoth clover; eight pounds of white clover; preferably a mixture of white and yellow, and three pounds of alfalfa if the situation is moist. Inoculate all the clovers.

Some hardy perennial grasses also may be included, for instance, two or three pounds each of red top and timothy and four pounds of ryegrass. On well-drained situations, three pounds each of orchard grass and tall meadow oatgrass may be used. Seeds of some of the more typical pasture plants, such as Kentucky bluegrass and white clover, may be included in small amounts, in mixtures if they are completely lacking in the old sod. Usually, however, they will appear naturally as soon as soil conditions favor their growth.

After sowing, the ground should be harrowed lightly and then gone over with a cultipacker or roller.

GOOD SHOE CARE MEANS  
LONGER LIFE FOR THEM

Rationing has put a new emphasis on the importance of good shoe

care. Day to day care is essential for longer wear.

When not being worn, shoes will keep their shape better if shoe-trees are used. Lacking these, stuff the shoes with crumpled newspaper. Shoes thrown helter-skelter on the floor of the closet gather dust and are likely to become skuffed. It is better to keep them in boxes, on a rack, or in a shoe bag.

Always use a shoe horn when putting on your shoes so the counters in the heel won't be bent or broken. Two pairs of shoes worn alternately will give longer service than two pairs worn one after the other. Shoes need a rest to give them a chance to dry and air.

Wet weather is an enemy of leather. Protect them from dampness by wearing rubbers or polishes when necessary. Shoes that get wet become hard and shapeless, but if you should happen to get your shoes wet, be sure to dry them slowly away from the heat. Either stuff them with paper or use shoe trees during the drying. After shoes are dry, saddle soap will help to soften the leather.

Keep shoes clean, polished, and in repair. Use the recommended cleaner for the kind of shoes you have, and check them often for runner heels, worn soles, or scuffed toes. Avoid storing shoes in a damp place as leather will mildew.

SEED TREATMENT WILL IN-  
CREASE THE YIELD OF GRAIN  
CROPS

Plant diseases do cut down the yield of many field crops in Lawrence County. Foremost among these diseases are the smuts so often found on oats.

Smuts on oats as well as some diseases on corn and wheat can be reduced by proper seed treatment. Instructions for carrying out these treatments can be secured from the Agricultural Extension Office, No. 206 Post Office Building, New Castle.

Since corn smut is carried over in the ground and on old stocks from the previous year, seed treatment will have little or no effect on this disease.

MOST POPULAR  
HOME TO BE  
FIVE ROOMER

CHICAGO, April 14.—(INS)—The most popular post-war house, a five room structure complete with all electrical appliances, will cost between \$2500 and \$3000 and will be ready for occupancy within a month after it is selected. This prediction was made by Erv Dahlberg, a nationally recognized housing authority.

"That \$2500 house," he continued, "will be far better built and equipped than anything costing \$10,000 today. It will have air change apparatus, fuel-cutting insulation and electrical cleaning gadgets—but it will still look like a house. Dahlberg doesn't believe people want to live in something that resembles a tear drop or hat box. "People will want to live in the country," he said, "in a house as beautiful and functional as a city skyscraper but cozy and homelike, and they'll want to pay around \$3000."

Ready immediately. That house will be available immediately after the war, he emphasized, because the building industry, through war time necessity, has learned more about construction in the past two years than in the preceding two decades.

"The most important thing learned," Dahlberg stated, "is the fact that houses can be completely built in a factory and set up on a lot in a few weeks without losing individuality and at a fraction of the former expense."

"After the war a couple will go to the builder, tell him the size and type of house they want, and select their variation from hundreds of 'basic' samples. The kitchen, for instance, can come in any color, in any of a dozen shapes and sizes, but it will come as a complete unit, from windows to toaster."

The largest saving in the post-war house will be a result of the wall construction, Dahlberg explained. They won't be put up laboriously on the lot by a few workmen paid by the hour for months. Instead they will consist of a single material, turned out by an assembly line, cut to fit the individual house. At the same time they will be insulated, exterior and interior and can be painted, papered or stuccoed to fit the type of house.

Insulated Walls. The new walls will be such good insulators that the interior will remain cool in summer and cut furnace tending to a once-in-a-few-days chore in winter.

The furnace, within a few years, Dahlberg contends, will be the size of a small filing cabinet and as easy to care for.

Hundreds of thousands of war marriages, returning servicemen who will want to live in a house as soon as possible and the present dissatisfaction with old-fashioned, crowded city dwellings will force the building industry to institute mass production of low-priced houses, Dahlberg believes.

He predicts that there will be a migration to the country due to improved transportation, helicopter service and the post-war shorter work week.

"About 1,500,000 new homes are needed immediately after the war. The building industry wouldn't be able to supply them the old-fashioned, expensive, time-consuming way. People will buy houses as they buy ready-made clothes, and the houses they live in will be just as individual as the way they look," Dahlberg declared.

## SO HE SOUNDED OFF

FREMONT, O., (INS)—I. J. Frank did not want to take any chances, what with many automobiles at Fremont being ransacked, so he tied his bird dog to a tree near his garage. He expected to police the next day that someone had stolen the dog—and that his car had been rifled.

## OHIO ACES RECEIVE HONOR MEDALS

GEN. DWIGHT D. EISENHOWER pins the Distinguished Service Cross on the blouse of Col. Donald Blakeslee, a fighter pilot from Fairport Harbor, O., while Capt. Don Gentile of Ft. O., watches. Blakeslee has 27 enemy planes to his credit. Gentile has 30. This is an official U. S. Signal Corps radiophoto from London. (International)

## U. S. ACES MISSING IN ACTION

MAJ. WALKER M. MAHURIN, 25, whose record of downing 21 Nazi planes in the European war theater made him one of the U. S. Air Forces' leading fighter pilots, is missing in action, according to the war department. A member of Mahurin's squadron has reported seeing him bail out safely over France. Also missing is Maj. Gerald Johnson, 24, of Owenton, Ky., who downed 18 planes. (International)

Drastic Change In  
Navy Schedule Of  
Work Day Planned

WASHINGTON, April 14.—(INS)—Sen. Clyde Reed (R. Kansas, today revealed that the navy is making a drastic change in its work day schedule which may result in releasing one million war workers for the armed services or for other war plant production.

Reed said that the navy has changed its production program from three eight-hour shifts to two nine-hour shifts and that the army has promised to investigate the plan. It accepted by the army it was estimated one million employees could be released by army and navy plants.

Reed announced the possible nationwide shift in the war production program after he had presented to the war department the record of one airplane company which made a remarkable increase in production by changing from three eight-hour shifts to two shifts.

Another Flier In  
Race For Yanks  
Leading Ace

LONDON, April 14.—(INS)—Capt. Robert Johnson of Lawton, Okla., loomed today as a strong contender in the race for the title of America's ace of aces with official disclosure that he has 25 confirmed "kills" to his credit.

The eighth air force fighter pilot shot down two Nazi Focke-Wulfs while escorting Yank heavy bombers to Germany yesterday, passing Capt. Don Gentile's record of 23 enemy planes downed in combat and coming within five of Gentile's total score of 30 Nazi planes destroyed in the air and on the ground.

HUNTINGDON, Pa., April 14.—(INS)—Juniata College will celebrate the 68th anniversary of its founding on April 17 with a Founder's Day program.

Juniata College was founded in 1876 by Andrew B. Henry B. and John B. Brumbaugh. The first bachelor of arts degree was conferred in 1897. For 20 years the institution was known as the Brethren Normal School.

Principal speaker at the founders' day program will be Dr. John H. Mentzer of Ephrata, who entered Juniata two years after its opening but he left before graduation to study medicine.

## BOY IS KILLED

BEDFORD, Pa., April 14.—(INS)—Nine-year-old Eugene Clark was struck and killed by a milk truck this morning as he was on his way to school.

The accident occurred as the boy attempted to cross the road to the school. He was the son of Mr. and Mrs. Chalmers Clark.

Million Dollars

(BULLETIN)

GLENDALE, Cal., April 14.—(INS)—an explosion followed by fire today destroyed the central hangar at Grand Central airport in Glendale, causing damage estimated at more

than \$500,000. One man was injured.

Seven airplanes, believed to be trainers, were destroyed. They were in the building, occupied by the Aircraft Industries Company, for overhaul.

Police said the explosion occurred in the company's dope room.

Army officials began an investigation.

While air mail service has increased only 2 1/2 per cent over pre-war volume, express service has increased more than 350 per cent.

## Attend Convention At New Brighton

Beaver Valley Presbytery  
Draws Delegates From New Castle And County

Two hundred forty delegates and more than 100 guests of the Woman's Missionary societies of United Presbyterian churches of the Beaver Valley Presbytery, attended the sixty-seventh annual convention of the presbytery at the New Brighton U. P. church on Thursday.

During the morning report and business session, letters were read from Miss Jeanette L. McCrory, of Chicago, who is preparing to leave soon for Egypt to resume missionary work there, and from the mother of Miss Margaret Murdoch, the district's missionary to Saragossa, India. These were read by Mrs. J. Wylie Craig.

Election of officers was held for expired three-year terms and for replacements in the case of a few resignations. President is Mrs. H. Parker Smith, of Aliquippa; first vice president, Mrs. L. C. Barnhart, of Ellwood City; second vice president, Mrs. E. Marcellus Nesbitt, of Ellwood City; corresponding secretary, Mrs. J. Wylie Craig, of R. D. 7; thank offering secretary, Mrs. E. Elmer Armstrong, of R. D. 6; literature secretary, Mrs. Clifford Gibbons, of Ellwood City; temperance secretary, Mrs. A. H. Gardner, of Ellwood City; statistical efficiency secretary, Mrs. C. R. Thayer, of East Washington street; association secretary, Mrs. H. B. Plummer, of Beaver Falls.

Newly elected were: for recording secretary, Mrs. L. W. Cole, of Aliquippa; treasurer, Mrs. Harry T. Claren, 203 Park place, College Hill, Beaver Falls; junior secretary, Mrs.

Harold McCausland, of Ebon Valley, prayer group secretary, Mrs. R. J. W. Gulyes, of Baden.

During the past year, \$14,745.00 was the sum handled, according to the treasurer's report. Silver shovels were collected for missionary work in Ethiopia taken during the afternoon amounted to \$750.30.

An "In Memoriam" service for members who have died during the past year opened the afternoon program. Speakers were Mrs. Thomas F. Baker, president of the W. G. M. S. whose topic was "The Bridge Builders", and Mrs. Robert Maxwell. Dedication prayer was offered by Mrs. George Glass, of this city.

Place committee reported that the fall convention will be at Darlington U. P. church and that the First U. P. church has invited the presbytery to meet here for the 1945 spring presbytery.

Mr. and Mrs. J. A. Minick of Mead and Mr. and Mrs. Orville Anderson and daughter, Karen Lee, of the Perry highway, were dinner guests at the home of Mr. and Mrs. Harry Anderson on Easter Sunday.

## Sentence On Traffic Officer Is Suspended

PITTSBURGH, April 14.—(INS)—Traffic Patrolman Thomas Dixon, 63, of McKeesport, was given a suspended 30-day jail sentence and placed on probation for two years in federal court today upon his plea of guilty to illegal possession and transfer of gasoline ration coupons.

OPA agents testified that last September, when Dixon was an unsuccessful candidate for the Republican nomination for McKeesport council, he solicited motorists for coupons which he turned over, without cost, to persons interested in his campaign.

At the same time, Harry T. Plummer, McKeesport meat shopkeeper, pleaded no defense to buying eight gasoline coupons and selling them to a friend at no profit. He was given a suspended 30-day jail sentence and placed on probation for three years.

## Cazin Is Wrested From Axis Troops By Tito Forces

LONDON, April 14.—(INS)—The strategic communications center of Cazin, straddling the highway linking the Croatian capital of Zagreb with the Dalmatian port of Split, has been wrested from the Nazis by Yugoslav Partisans, Marshal Josip (Tito) Broz reported today.

Fighting is raging for a fortress in the town's outskirts, said the Partisan leader's daily communique.

In western Bosnia, pitched battles are being fought all along the line from Knin to Bibac, said the communique. In this sector, Tito reported, the Nazis have rushed up strong infantry tank and plane reinforcements.

In eastern Bosnia, Partisan forces are locked in "tough combat" with tank and plane-supported German troops, said the communique, reporting that some 1,000 Nazis were killed in a single sector.

## Foresees Some Tax Relief In U. S. Soon

PITTSBURGH, April 14.—(INS)—Emil Schram, president of the New York Stock Exchange, today predicted that a measure of tax relief will be granted soon by Congress.

"We have reached the peak in taxes," Schram declared. "Congress already has given indication of providing some relief. It will not be a drastic reduction. We have a big debt, but we can carry it and keep the country sound."

He pointed out that the war has resulted in a larger number of people than ever before becoming investors through the purchase of government securities.

CARLISLE FIRE LOSS \$100,000  
CARLISLE, Pa., April 14.—(INS)—One woman was rescued today and three buildings were damaged by a fire in the main section of Carlisle which caused an estimated \$100,000 loss. It was Carlisle's second big fire in two months.

Mrs. L. B. Halpern was carried down a ladder from her apartment by firemen injured.

IDENTIFY PLANE VICTIMS  
COLUMBUS, O., April 14.—(INS)—Victims of the crash of a naval scout plane at Port Columbus' naval air facility yesterday were identified by naval authorities today as Ensign Richard Charlton Owy, 23, of Dallas, Tex., and Army Air Forces First Lieut. Russell M. Brooke, 25, of San Antonio.

## Three Walkouts At Gary, Indiana

GARY, Ind., April 14.—(INS)—Three walkouts characterized by officials of the United Steelworkers of America (CIO) as unauthorized, today threw into enforced idleness thousands of workers engaged in vital war production.

The strike of 150 men in the

warehouse division of the Gary Works of the Carnegie-Illinois Steel Corp., which has resulted in the layoff of 3,000 other workers moved into its third day, with the U. S. Department of Labor stepping into the controversy.

In another flareup at the same plant, six drillers and six chipmunkers walked off their jobs in the rail mill but other workers were not affected immediately.

The disputes involved demands for revision of incentive pay scales.

In nearby Hammond, 2,800 workers in the Pullman Standard Car Manufacturing Co. plant were unable to continue operations when 17 truck and tractor operators walked off their jobs in a wage dispute.

The Babylonians had a numerical system based on 60, instead of ten, and almost as handy as our own.

Chinese historical records say that silkworms were reared as early as 2650 B. C.

## Hannegan Urges Fourth Term Move

DETROIT, April 14.—(INS)—The fight for a fourth term was on today as Michigan Democrats were urged by Democratic National Chairman Robert E. Hannegan to prevent the Republicans from turning out the president in November.

Speaking before more than 1,000 Democrats at a Jackson Day dinner

in Detroit last night, Hannegan said:

"Our opponents are bitter, they are organized. They have all the finances that they can possibly use in their campaign. They will leave no stone unturned between now and November to turn out the president. It is going to be up to the army of Democratic organization workers to carry the message to the people."

# Pukka Gin's Defeat, Pensive's Win Jumble Derby Dope

## Roses Event May Be Wide-Open; Pukka Gin Still Bookies' Choice

Highly Regarded Occupy Withdrawn; Permane May Ride Don Jose H.

By LAWTON CARVER

(International News Service Sports Editor)

NEW YORK, April 14.—Defeat of Pukka Gin at Jamaica on Wednesday, Pensive's victory at Pimlico and the withdrawal of Occupy for the Kentucky Derby have made the big run for the roses the most wide-open such event in recent years, yet if you dig into these facts they may not be as important as they seem.

Pukka Gin carried high weight and then was cut off on a turn. He shouldered a heavy burden against heavy-weighted opposition. Very few gave Occupy much of a chance in the big event, even though he was the juvenile money-winning leader last year.

Show Lots Of Speed

Pukka Gin was beaten by the outsider Stronghold, piloted by inspired young Bobby Permane who got his mount away in front and kept him there while Ted Atkinson was getting Pukka Gin pocketed, and still came busting down the stretch with such a blazing show of speed that the winter book derby favorite surely would have won the race had it been a few strides longer. Pukka Gin may yet justify the short odds assigned to him by the play or pay wagers.

Pensive was the sensation of last year's early two-year-old events then blew to Occupy among others, and finally was laid off with a split hoof but again is coming around under the guidance of Ben Jones, the Calumet trainer. He may wind up yet as the big horse in the big event.

The scratching of Occupy was not unexpected. He was fired during the winter and this spring has not had an opportunity in the bad weather to get into any kind of form. On top of that, most observers insisted he never could have picked up 126 pounds and lugged it to a win at a mile and a half, the distance because of his breeding, stemming from Bullock, the sprinter.

Permane Angle

For the want of something better to do, you might just sit back until May 6 and see what happens to these three-year-olds which time year at this point. If you keep time beating each other, you will see another on that late afternoon in May, and you might even do worse than bet Permane.

He has been asked to ride Don Jose H., the Mexican entry. One certainty is that if Permane gets a leg up there will be a flow of money on his mount, unless he suddenly falls off in his riding.

Getting back to Pensive, the fact that he showed plenty of run and class in his early two-year-old races may have shown to Jones the thing he wanted to see—the run and front in the big race next month. His foot has been healed. He is being conditioned the red hot contenders at the moment regardless of those odds of 4 to 1 on Pukka Gin.

## District Dog Show Underway Today

PITTSBURGH, April 14.—(INS)—The sixth annual Western Pennsylvania Kennel Association dog show opened today with a two-day exhibition in Pittsburgh's Hunt Armory, with more than 500 dogs of 57 breeds competing for \$5,000 in prizes.

The animals, which are valued at a total of \$250,000, come from 21 states and Canada. Proceeds from the show are to go into a fund to aid the work of the Tuberculosis League of Pittsburgh.

Motion pictures of dogs in war service in action will be shown during the evening, and special classes in dog-training will be conducted.

## PRACTICE TONIGHT

St. Vitus baseball team will hold a practice session at Dean park tonight starting at 6 o'clock. Nick George announces. The drill is open to anyone desiring a tryout.

## Swank Athens Club Pool In Oakland, Calif., Grabs Spotlight

OAKLAND, Calif., April 14.—(INS)—Top notch feminine swimmers and divers from all parts of the country began churning the waters of the swank Athens Athletic club pool in Oakland today hopeful of winning fame (and possible fortune) in the national A. A. U. women's senior championships.

It promises to be one of the best meets in years, with competition keen in most events.

Fourteen clubs will be represented in the meet, four of which have definite hopes of capturing the team title—the Women's Swimming Association of New York, the Multnomah Club of Portland, present title-holder, the Crystal Palace Plunge of San Francisco, and the Riviera club of Indianapolis.

## Bucs' Roe To Face Catholic Loop Finale

Rattling the runs with 16 points in the fourth period, St. Vitus Reserve ended its Catholic Reserve loop season by defeating St. Johns, 52-38, on Catholic Center floor last night.

## Vitus Quint Captures Catholic Loop Finale

The losers, trailing by 11 markers at halftime, rallied and pulled behind by four as the third ended. Conti starred for the winners with 21 points. Bullano played sensationally on defense. Bashiero and Ginoone featured for the losers.

## Bucs' Roe To Face Catholic Loop Finale

MUNCIE, Ind., April 14.—(INS)—The performance of "Preacher" Roe, the Pirates new lefty, with the Detroit Tigers today will be the deciding factor as to whether he gets the starting pitching assignment against the St. Louis Cardinals in Tuesday's opener. Manager Frankie Frisch conceded Virgil Spud Davis, veteran coach of the Buccos, has been given a new contract which restores him to active catching duty in addition to his presence on the coaching line.

## PINEHURST GOLFERS REACH FINAL ROUND

PINEHURST, N. C., April 14.—(INS)—Mal Galletta of St. Albans, L. I., a husky war worker, and George McCallister of Sparrowsburg, S. C., met today in a 36-hole match for the 44th north and south amateur golf championship.

Galletta, journey medalist, won his way into the final by easily beating Bill Cozart of Durham, N. C., 2 and 4.

McCallister defeated Jim Fownes of Pittsburgh, 3 and 2.

## O'Doul Opposes Spitball Revival

Says Pitch Unsanitary, Dangerous; Its Banishment Has Heightened Batters' Chances

By JOE ST. AMANT

(International News Service Sports Editor)

SAN FRANCISCO, April 14.—Frank "Lefty" O'Doul, manager of the San Francisco Seals, was on record today against the revival of the spitball delivery as a wartime expedient to give baseball in general and veteran pitchers in particular, a needed shot in the arm.

Observers figure that legalizing the moist delivery will add years to the career expectancy of hurlers and switch the emphasis from slugging to the scientific "inside" baseball of an older era.

## Grid Hero Missing

DAROLD JENKINS, All-American center on the University of Missouri football team in 1941, is missing in action over Germany, according to a war department notification received by his parents, who live at Higginsville, Mo. Jenkins was the key man on the 1941 eleven. (International)

## HERE AND THERE IN SPORTS LAND

Results of the International Beagle Federation field trials now under way at Ellsworth, O., home of the Mahoning-Trumbull Beagle club will be discussed Monday night in the Y. here. The Shenango Valley Beagle club is sponsor of the meeting. Robert J. Morrow, secretary, reports that the Shenango club (an Ellwood City organization) is represented in the final of the meet by Bill Dawson's "Little Beaver Chief II" who won the right by placing second at the semi-finals of the West Penn association recently held at Apollo. According to Morrow members of the Shenango club are very proud of the fact that it has representation in the finals. The club has been in existence one year. Two nights previous to the meeting here, there will be another session of dog-fanciers. They meet in the Y. Saturday night.

## Looks as though the worm fisherman will be in his favorite spot Saturday. The streams are high and no doubt many will depend upon worms instead of flies to catch trout.

## Latus Jack, a setter, owned by Sam Mannarino of New Kensington, won the National Grouse championship on the Venango Field Trial club, near Marienville, from a school of 12 dogs from all parts of the country. Bill McCracken, of near New Kensington, handled Latus Jack. Skyrack, Sal, female setter, owned by Alex Deemer, II, Brookville, took the all-age stake and a setter owned by Dr. L. A. Wyeant, of this city won the puppy stakes over 21 entries.

## PRACTICE TONIGHT

St. Vitus baseball team will hold a practice session at Dean park tonight starting at 6 o'clock. Nick George announces. The drill is open to anyone desiring a tryout.

## Swank Athens Club Pool In Oakland, Calif., Grabs Spotlight

OAKLAND, Calif., April 14.—(INS)—Top notch feminine swimmers and divers from all parts of the country began churning the waters of the swank Athens Athletic club pool in Oakland today hopeful of winning fame (and possible fortune) in the national A. A. U. women's senior championships.

## It Promises to be one of the best meets in years, with competition keen in most events.

## Fourteen clubs will be represented in the meet, four of which have definite hopes of capturing the team title—the Women's Swimming Association of New York, the Multnomah Club of Portland, present title-holder, the Crystal Palace Plunge of San Francisco, and the Riviera club of Indianapolis.

## Sports Ramblings

Memo pad notes:—

"Rosey" Rowwell, the "Aunt Minnie" guy from Pittsburgh and probably the staunchest Pirate rooter in the land (who wouldn't be at the fancy price he draws down for airing the Bucco tilts?), is blessed with more than his share of humor. The blondie "Rosey" pulled off a good one at the Wampum high banquet, starting his laugh-producing talk by saying that "coming from where I do, it certainly feels great to be with champions".... As in past years, Rowwell is optimistic about "my Bucco's chances"....

That streamlined testimonial honoring the Wampum squad, incidentally, involved a cost of slightly more than \$300. The ticket sale covered the expenses almost to the penny, the difference being 60 cents either way.... Seaman Second Class Bob Reese, sports addict-singer from Spruce street, has been transferred from Great Lakes to Key West, Florida.... Besides New Castle high, Butler will tackle another Lawrence county eleven next grid season, facing Ellwood City on September 29 on Lincoln field. The Tornado has been trying to whip the 'Canes since 1919 when they last turned the tables, 6-0....

All this talk about reviving the spitball delivery brings to the front the history of the "spitter". The wetted toss was discovered by little-remembered Elmer Stricklett, of Mountain View, California. Like a number of other finds, the pitch was uncovered by sheer accident while Stricklett was playing catch with George Hildebrand, in San Francisco. Stricklett accidentally dampened the ball pitched, and observed its flight, that's how the now banished pitch was founded....

From the far, far reaches of the South Pacific, Jack Mahon, whose interesting sports yarns appeared in this paper up until 1942 when Mahon joined the overseas scribblers, forwards his Kentucky Derby tip—Siride. If the colt loses, you're invited to go after Mahon.... Lou Nova now is going on tour, something like the grin and groan guys, fighting a string of bouts with little or no rest at all. He'll do all right since the public apparently is itching to spend its money—regardless of the attraction....

PHILLIES PURCHASE LUPIEN FROM BOSOX

WILMINGTON, Del., April 14.—(INS)—First Baseman Tony Lupien was expected to join the Phillies following a cash deal with the Boston Red Sox.

The Blue Jays, following a 13-1 setback administered yesterday by the Brooklyn Dodgers, meet Toronto today in an exhibition game at the Wilmington training base.

The Lancaster club of the Interstate League may continue without a big league tie-up.

## Dodds Likened To Ruth, Louis

Track Star Possesses Endearing Qualities; Massacres Opposition And Murders Himself

By LEWIS BURTON

(International News Service Sports Editor)

NEW YORK, April 14.—One of the nicest things that can be said about Gil Dodds, the solemn Bible-quoting theological student, is that he's the meanest killer—competitively—ever to put on a pair of running shoes.

Parson Dodds is possessed of the same endearing quality that made the trade go for Jack Dempsey. Babe Ruth and Joe Louis. He belongs strictly to the Knock-out, Dead Brotherhood. What's more he has two-way action. He not only massacres the opposition, but he murders himself.

The Parson is a killer in self-defense, we are advised by Jack Ryder, the rustic-looking Boston A. A. coach. Ryder received the Parson as a gift from Lloyd Hahn, a Nebraska farmer who was the super-miler of 1926.

Only 25 Years Old

Dodds, 25 years old, has been in training practically 15 years. He started running a trap-line of a couple of miles when he was a youngster. He would start out early in the morning and jog around a lake and along a river, seeing what the night's bait had caught.

In that way he built up the efficient circulatory system that is necessary to distance runners. All of the good ones have the background. It evolves thick beds of capillaries, through which oxygen is fed to their muscles. The Parson has remarkable heart action. I once saw him run five miles in a workout at Boston College, finishing off with three absolutely even quarters of 75 seconds apiece. He picked up his sweat clothes and walked about 30 feet to where Ryder and I were talking, then engaged in conversation without any more sign of exertion than if he had been sitting down instead of cantering.

## Lincoln-Garfield In Cage Finals

Defending champion Lincoln-Garfield today is on its way to the grade school title following a 20-7 victory over Rose avenue.

The L-G dribblers will face the winner of the Pollock-Croton clash for the crown.

Lincoln-Garfield's height plus an effective zone proved too great of an handicap to the losers. Ayvce and Salle featured for the winners. Firmi and Parris divided honors for the east siders.

Last Wednesday, Pollock won over Arthur McGill, 26-12. Fisher and Keys were tops for the Pollock passers while Papst and Andrews were impressive for McGill.

## Vitus Quint Captures Catholic Loop Finale

Rattling the runs with 16 points in the fourth period, St. Vitus Reserve ended its Catholic Reserve loop season by defeating St. Johns, 52-38, on Catholic Center floor last night.

The losers, trailing by 11 markers at halftime, rallied and pulled behind by four as the third ended. Conti starred for the winners with 21 points. Bullano played sensationally on defense. Bashiero and Ginoone featured for the losers.

St. Vitus is certain of second place and can gain a tie for the top berth, provided St. Mary's loses one of its remaining games.

## Fannins Triumph In Salem Tourney

Jorgensen, Pitzer, Borowicz Star In 53-47 Victory Over Canton

(Special To The News)

SALEM, April 14.—Sparked by the brilliant play of Noble Jorgensen, Westminster star, Francis Pitzer and Norbert Borowicz, the New Castle Fannins advanced in the Salem tourney here last night by besting the power-laden Canton Yales, 53-47.

The quints battled to a standstill in the first, 14-14. The Ohioans walked off at halftime with a 27-26 edge. Play continued along nip and tuck lines in the third with the New Castlelites nabbing a 40-35 margin. An additional 13 markers in the finale erased Canton.

Jorgensen pitched 15 points, Pitzer 12 and Borowicz nine. O'Hara and Kettler popped 28 points for the losers.

Tonight, the Fannins meet the Steubenville stars at 8:45 o'clock.

## WEST PENN GOLF OFFICERS NAMED

PITTSBURGH, April 14.—(INS)—The Western Pennsylvania Golf Association today announced election of the following officers:

Ernest R. Braun, Jr., of Shannopin Country Club, president; S. Davidson Herron, of Allegheny, vice president; Charles K. Brown, of South Hills, re-elected treasurer; and Irving W. (Pip) Danforth, Fox Chapel, secretary.

## Montreal World's Hockey Champion

Canadiens Make Clean Sweep Of Stanley Series, Nip Chicago, 5-4

MONTREAL, April 14.—(INS)—The Stanley cup, symbolic of the world's professional hockey title, was in the possession of the Montreal Canadiens today after the National Hockey League champions took their fourth straight game from the Chicago Black Hawks, 5 to 4.

The Canadians won the match after 9 minutes, 12 seconds of overtime play with Toe Blake scoring the winning tally. Blake was the shining star of the game, and last in the four best out of seven series, figuring in every marker garnered by the champs.

The Canadians, scoring 234 goals during the season, set a new league record. They allowed 166 goals against them. They were unbeaten in 25 games on home ice.

## CITY LEAGUERS' MEETING MONDAY

President Mike Dapovan today announced that the City Baseball league will hold an important meeting in the Y. M. C. A. on Monday night at 8 o'clock.

Plans for the coming season will be furthered.

At present the Moose, Aluminum Works, Shenango Pottery and United Engineering have signified their intentions of entering the loop.

All other clubs desiring franchises are asked to send representative to the session.

Officers will be elected during the meeting.

## BACK ON ICE

Joe Cooper, defense man of the Chicago Blackhaws, returned to ice hockey after two years with the Canadian Army.

## Red Cross Tilts Raise \$30,000

Dodgers Nip Phils, 13-11, Yankees Pound Giants, 11-4; Savage Stars

NEW YORK, April 14.—(INS)—The Red Cross, that great dispenser of mercy, most likely had mingled feelings of elation and sorrow over the Dodgers and the Phillies today—elation because of a \$14,124 check it derived from the Brooklyn-Philadelphia game and sadness because both teams had such an awful time of it.

The Dodgers wound up the victors of the benefit game, 13 to 11, after a battle of 23 hits and four errors. Brooklyn scored six runs in the sixth and eighth innings.

## Game Comical

Some of the comic incidents were: One of the five Phil hurlers forced four runs across in the sixth and another allowed Luis Olmo to steal home in the eighth. Olmo nabbed a fly with runners on second and third, but let both score because he thought three were out and trotted across the field. Bill Hart and Stretch Schultz in the Brooklyn fifth inning both tried to occupy third base simultaneously and were put out.

NEW YORK.—Manager Joe McCarthy, prevented by a cold from seeing his Yankees vanquish the New York Giants yesterday, 11 to 4, was happy today about the whole thing.

The game, which benefitted the Red Cross to the extent of \$15,000, saw McCarthy's draft-depleted team measure up to championship standards.

Don Savage, rookie third baseman, led the attack with a brace of two doubles and a homer. The Yanks collected 12 hits, most of them off Cliff Melton.

## WHITE SOX BLANK WILSON'S CUBS, 2-0

CHICAGO, April 14.—(INS)—The Chicago Cubs and White Sox shifted to Comiskey Park for the second of their five-game city series this afternoon.

Hank Wyse was named as the starting pitcher for the Cubs, with Orval Grove selected as the Sox hurler.

In yesterday's opener at Wrigley field, the Sox won in the tenth, 2 to 0. Thornton Lee and Bill Dietrich held the Cubs to three hits in pitching the shutout.

### Boxer Shot?

ACCORDING TO REPORTS from Buenos Aires, Isidore Gastanaga, 38, Spanish heavyweight boxer who fought in the United States many times, was shot and killed at La Quica, a small town near the Bolivian border. Gastanaga, born at Guipuzcoa, Spain, in 1906, appeared in the U. S. first in 1932. He fought here last in 1938 when John Henry Lewis kayaked him in nine rounds. (International)

### Saturday's Weather Forecast Favorable; Legal Size 6 Inches Up; Day's Limit 10

HARRISBURG, April 14.—With the weatherman promising near perfect conditions, more than 100,000 eager fishermen are expected to swarm into Pennsylvania's streams for the opening of the trout season Saturday.

There is plenty of water in all streams and in general everything is in pretty good shape," Commissioner C. A. French said. While a large number of fishermen are expected, French pointed out that "there will be less than in former years because increasing numbers of men have entered the armed services and many others are engaged in war jobs they will be unable to leave."

#### More Women Anglers

He said there has been a gradual increase of women anglers in recent years but they will not be able to fill the ranks of the estimated 250,000 persons on hand to open the 1942 season, and the 175,000 last year.

In urging sportsmen to assist in law enforcement because many wardens have entered the armed forces making it impossible to check streams as in previous years, French said the limit for a day's catch is 10 trout six inches or more in length.

## Middle Three Votes To Continue Football

Lafayette, Rutgers And Lehigh  
Arrange Tentative Six-  
Game Schedule

BETHLEHEM, Pa., April 14.—(INS)—A decision by athletic officials of the Middle Three League to continue intercollegiate football despite the wartime manpower shortage was announced today.

An agreement has been reached by Lafayette, Rutgers and Lehigh on a tentative six-game football schedule beginning Oct. 14 and ending Nov. 18, with each college engaging in four contests.

The schedule:  
October 14—Rutgers at Lehigh;  
October 21—Lafayette at Lehigh;  
October 28—Rutgers at Lafayette;  
November 4—Lehigh at Rutgers;  
November 11—Lafayette at Rutgers;  
November 18—Lehigh at Lafayette.

## Game Commission Vacancies Filled

Governor Names John C.  
Herman, Dauphin, Dr.  
C. B. Rosenkrans, E.  
Stroudsburg

HARRISBURG, April 14.—(INS)—The Pennsylvania Game Commission had two new members today, named by Gov. Edward Martin to fill vacancies.

Those appointed were John C. Herman of Dauphin to represent district 6, and Dr. Carl B. Rosenkrans, East Stroudsburg, for district 7. They will serve without compensation.

Herman filled the vacancy occasioned by the expiration of the term of O. Ben Gipple of Harrisburg, who left office when May 1943 when the senate refused to confirm his appointment and those of four other members named by former Gov. Arthur H. James. He was named president of the commission in January 1943 at a jump session at which Ross L. Leffler of McKeesport was ousted from the position. Leffler became president again the following June.

Rosenkrans succeeded to the post held by Ernest E. Harwood of Hazleton, who went out of office with Gipple. The nominations of all five members were withdrawn by Governor Martin in January 1943, soon after he took office, but their tenure did not expire until the senate adjourned the following May without confirming them.

Gipple is now employed in the state department of forests and waters at \$3500 a year as chief of the land management division.

## Fishermen Warned About Forest Fires

HARRISBURG, April 14.—The state's army of trout fishermen were cautioned today by the forests and waters department to prevent woodland fires when they begin whipping the streams Saturday.

The department's protection division said strong winds were drying the forests and warned that care must be exercised with campfires, matches and cigarettes.

### LIFE NOT EASY

Life of army athletes is not one of ease declares the Mitchell Field, N. Y., army newspaper sports column. In listing the duties of the field's basketball squad, Cpl. Bill Goldberg, sports columnist of the field paper, points out that the cagers have schedules of army duty considerably heavier than that of the average GI in training, to which the basketball men must add two evenings a week for practice and the game time.

### BOWLING RECORD

Among the sport celebrities at Hill Field, (Ogden, Utah) is S-Sgt. Maxie Kosoff, who claims to hold the world's endurance record in bowling. He set his record in 1941 at Indianapolis when, in an exhibition stunt for the USO he bowled 212 consecutive games in 30 hours with an overall average of 174. He used a regulation ball, observed the foul rules, and shot at every spare and split.

### Few In Armed Service Ask For Right To Vote

PITTSBURGH, April 14.—(INS)—Less than two per cent of eligible voters among Allegheny county's 125,000 men and women in the armed services today had filed requests for absentee ballots to vote in the April primary.

County Elections Director David Olburn stated that only 1,400 ballot applications have been received although about 90,000 of the 125,000 are eligible to vote.

The lack of interest in the absentee military ballots was attributed by Olburn to the handicap of the present election laws.

"I believe it shows the lack of desire of service men and women to wade through the necessary red tape," he said. "There is great need for new legislation to make it simple for those in the armed services to vote."

### Eight Aged Persons Burn To Death At Lawrence, Kansas

LAWRENCE, Kan., April 14.—(INS)—Eight aged inmates of the Douglas county infirmary were burned to death Thursday when fire destroyed the two-story brick building.

Twenty-nine other inmates of the infirmary were led to safety by George Hoskinson, caretaker, and were taken to the Lawrence community center where they remained under observation for shock.

All the dead were elderly residents of Douglas county and were sleeping on the basement floor of the institution when the fire broke out. Collapsing walls trapped them.

The cause of the fire was not determined.

### County Club At Grove City Elects

GROVE CITY, April 14.—Dr. Ralph A. Bastrick was elected president of the Grove City Country Club at its annual meeting. He succeeds Wendell M. August, who served six years and who was elected vice-president. O. H. Firth was re-elected secretary-treasurer.

Stockholders re-elected R. E. Thorn, John W. Wherry and J. C. Griffith directors for three-year terms. At the directors' meeting, the board filled a vacancy caused by the resignation of David M. Whyte by appointing Kirby D. Gould for the unexpired term.

Victory gardens will again be featured on the club property this year, following success of the venture last year when 25 plots, 50 by 30, were cultivated.

### Too Many Wanted To Attend Dinner

SCRANTON, Pa., April 14.—(INS)—It was a question of turning some away or all away so Judge M. J. Eagen decided on the latter course and called off the Victory dinner of the Lackawanna County Red Cross War Fund campaign of which he is chairman.

Too many people wanted to attend the dinner, which was scheduled for next Tuesday night, Judge Eagen explained. "We had over 1800 reservations and the hotels told us they couldn't accommodate such a crowd because of the food and help shortage."

The county raised approximately \$300,000, over-subscribing its \$292,000 quota.
